I. Questions, Questions, Questions

To cut to the chase, would not a worldwide nation-state "south" "old world order" system being progressively financially, corporately and militarily dominated by a worldwide globalist "north" globalization system be far more significant than the failed USSR blip in history?

In light of global historic milestone events since WW1 to the end of the Cold War, that instead led to the downfall of the USSR and the emergence of a 3rd United Nations global presentation in 1990 (the one in "New World Order" mode), and the phenomenal expansion of the globalization system since then (Hab1:5-6), Bethel's Daniel 11:27-45 interpretation requires an update for several reasons, does it not?

Yet, why does Bethel act as if nothing has changed since 1945 at that 2nd United Nations related presentation?

Is not that odd and backward stagnant behavior from Bethel's supposed "full time Bible studiers"?

1. For example every notable King North/South transition has been explicitly noted in the Daniel 11:1-26 prophecy matching historic events and patterns.

Why is it the prophecy does not note the global monumental fall of the USSR?

2. Why has Bethel not noted the 3rd United Nations presentation of 1990 that climaxed with the end of the Cold War and that USSR global-fall?

If the first two United Nations related global presentations are in prophecy, UN1-2 (1919,1945), is not the 1990 3rd United Nations global presentation also in this UN progression, UN1-2-3, to World Government as perhaps UN1-2-3-4 of the future?

3. Why has "UN NGO" Bethel instead joined the United Nations of Non-Governmental Organizations?

Why has Bethel instead become "UN NGO", while at the same time downplaying that 1990 3rd UN presentation?

Why is Bethel also refusing to update Daniel 11:27-45 in light of these HUGE global developments and the big questions which arise with the Cold War 3rd global war cycle cessation with the fall of the USSR to result in a THIRD United Nations capping global presentation?

Could perhaps all those Bethel anomalies of potential UN aligned and allied fresh apostasy, seemingly concurrently co-developing at Bethel, in their purposeful ignorance, actually be found somewhere in Daniel 11:27-45's details as well? (Such as the apostate co-developments of Daniel 11:30b-32a perhaps?)

So how is it Bethel has hit this 1990 UN dead end at the UN NGO cul-de-sac?

II. The Initial King North/South Details

Well by examining Daniel 11:1-26 prophecy turned history, we can examine how Daniel 11 actually has previously demonstrated the required explicit details recorded in the prophetic text regarding King South and King North historic development which we can review to see these details that matched historic events and patterns. Those details have been provided to match the "kings" progression of that time, that we can now fully examine in hindsight, as an example of the detail that Bethel has been instead bypassing and at times fudging with connective assumptions between historic sections of Daniel 11.

This examination is *in agreement with the Bethel methods and interpretation of Daniel 11:1-26*, and will examine its details from the Fred Franz 1958 era Daniel's prophecy commentary which is the basis of the "Pay Attention to Daniel's Prophecy" commentary of 1999, which we will select excerpts from in regard to Daniel 11:1-26.

By examining the former standard practices of Bethel prophetic interpretation in Daniel 11:1-26, we can then see the manner in which they diverged into assumptions after that successful explanation, to connect by these speculative connections into Daniel 11:27-45, and the now Bethel continued error that ensued.

Now in the Bethel interpretation, since Daniel 11:27, Bethel has gone from understandable error while World War 2 (WW2) had passed into the then active Cold War and USSR period, from 1958. But in time of more significant global events in 1990, such as the fall of the USSR and the end of the Cold War, not noted in the prophecy, Bethel has now devolved into blatant stagnant ignorance regarding Daniel 11:27-45 in 1999.

Thus, since the USSR fell Bethel is now concealing far greater and more modernly significant, truly global scope, world developments, while maintaining what has now become a bypass of the whole Daniel 11:27-45 prophecy. What was former error, has now become unaddressed bold faced lies, which is aided by not responding to, and addressing, the HISTORY of these modern milestone global developments *since 1990 of these "two kings"* (Dan11:27), that actually match the prophecy in detail.

For example, is not that 1990 3rd United Nations successful "placement" also required to be in prophecy? And is not that 3rd UN event also matching this Daniel 11:27-45 section of prophecy which also reveals a co-developing apostasy and its negative effects in Daniel 11:30-35?

That being the case, we will examine this Daniel 11:27-45 mostly post 1990 developmental prophecy of King North development in regard to these details provided in the prophecy:

1. A marked unique period of world war development; e.g. the unique "Cold" World War period (Dan11:29)
2. A notable King North backed "place the disgusting thing" event, matching the post Cold War 1990 3rd United Nations global presentation. (Dan11:31b)
3. A notable King North guided co-developing apostasy, ministerial profanation, and "disgusting thing" "placement" collusion which "acts effectively" in successful ministerial subversion. (Dan11:30-35)
4. A fully King North successful and fully dominating system emerging in prophecy and the global system in all details. (Dan11:36-39)
5. A progressive and successful "globalism" based global scale invasion (Dan11:40) and anti-ministerial invasion and event (Dan11:41), leading into the climax portion as Daniel 11:42-43, en route to World Government as Daniel 11:44-45, which must fully fulfill that whole sequence in the future to full global culmination.

Thus there are some details apostate Bethel is concealing, which also marks what would be expected from a King North globalist designed subversion operation (Dan11:32a), as EVERYTHING is now fitting hand-in-glove, in the ENTIRE overall development especially since the 3rd UN event marked 1990 point actually in the prophecy at Daniel 11:31b.

Daniel 11:1-45 Basic Structure

The setup and subsequent progression of the King North and King South development appears in four sections of progressions in the prophecy as distinct periods of that historic Medo-Persian-to-Greece setup (Dan11:1-4) and the following King North/King South development. (Daniel 11:5-45)

The four progressions are from the initial historic setup of the Medo-Persian transition to Grecian Alexander in Daniel 11:1-4, the Grecian developments after Alexander in Daniel 11:5-19, into the classic Roman era marked domination of Daniel 11:20-26 as these first three of these four progressions:

1. Daniel 11:1-4 Setup;
2. Daniel 11:5-19 Grecian Period;
3. Daniel 11:20-26 Roman Period;

Those sections are not being examined to attempt to update the now well proven periods leading to Christ (Dan11:22), now eclipsed by far more serious modern globalization implications upon Daniel 11:27-45. They are being examined to see how the real "north" and "south" progression has been noted in the prophecy to match former historical details actually in the prophecy.

It is the fourth section (Dan11:27-45), that we need to understand just how Bethel originally bridged into Daniel 11:27-45, not by historic details in the prophecy, but by Bethel assumptions after Daniel 11:26. And once "connected" there, the events spanning WW1, WW2 and the Cold War then seemed to match the great nation-state based polarity that formed with Germany and Russian "pushing" against the Anglo-American national based global empire co-expansion.

Before we get to the fourth section of Daniel 11, what must now be closely examined is the Bethel claims that led to, and into, the fourth progression as Daniel 11:27-45. Bethel still claims Daniel 11:27-43 as being WW1 to Cold War era outlines of *national based* conflicts which led to the problems addressed in the above as the globalization system became more recognizable. This is Bethel's retained claim, in spite of the USSR deposition events covered above:

4. Daniel 11:27-43 WW1-WW2-Cold War USSR national bloc and Anglo-American national alliance period up to 1990. (Bethel version)

It is agreed this is the period in question, WW1-Cold War. But what defines the "north" and the "south" is not mere nation-state squabbles (Dan11:27b), but the actual "north" globalist tier of real "King North" power that developed with all these world wars, into what is now a rampant globalization system as the globalizing corporate framework of world government is what is really forming over the "south" global nation-state system.

While Bethel diverts Jehovah's witnesses attention to WW1-WW2-Cold War *national system* distractions and decoys, it seems another global development has been at work unknown to Jehovah's witnesses. Now, in full ignorance of the real "north" globalization tier of world power, which actually forms the real final progression of King North with their 3rd United Nations marked global presentation of 1990 to World Government of the Future, that real globalist "north" and nation-state "south" systems' "pushing" has been in action the whole time:

4. Daniel 11:27-45 Nation-State "King South" and Globalist "King North" Development Period Since World War I—Still Active and Preparing for the Final Cycle Push to World Government "North" (Dan11:41-45);

The actually "king" "south" *national "puppets"* on the stage of the "world war" (WW1/WW2 and Cold War "world war") cycle "global play stage", thus became the focus of many nations and people, which aided the diversion of attention from the real corporate and financial Anglo-American guided "north" tier that was actually expanding and consolidating wealth in all those global war cycles. Even the USSR was partly financially funded by the Anglo-American globalists "north" system of wealth.

Examining Daniel 11:1-26 For Interpretation Principles

What this Daniel 11 study will establish first, is the fact every needed King North and King South detail is given in the Daniel 11 prophecy to identify the historic reality of the progression over time since around 490 BCE.

A. The rise and fall, and the major contextual characteristics, events and personalities of these "kings" times, now mostly historic development, are noted in explicit detail.

B. When an initial historic power setup, and the King North or King South entity changes, within the middle two periods (Dan11:5-19, Dan11:20-26), as initially individuals noted in the role of "kings", it does not change the overall nation-state era it is within. For example, Post Alexander Grecian expansion (Dan11:5-19), or Roman expansion (Dan11:20-26), remain the overall national related context those respective kings develop within.

And NONE of them are just "left hanging" like the Bethel USSR "King North" supposedly stalled at Daniel 11:43, with no major event marker EXPLICITLY NOTED IN THE PROPHECY.

And worse, by Bethel assumption, "King North" cannot be "on hold" in a prophecy the USSR plainly did NOT fulfill in Daniel 11:42-43 global gold and wealth rulership in the first place!

Rather, a major fall event is ALWAYS noted, explicitly or implied by opposing "king" success. For example in Daniel 11:42-43 of the future, there will be no question King North rules the global wealth system!

Thus the identifiable power system, contextual circumstances and identity changing transition point, is clearly noted within the four historic progressions of these polar kings, as Daniel 11:1-26 first three sections will demonstrate.

But come the time of Daniel 11:27-45, Bethel naturally tried to "fill the gap" of time after the Roman Empire into modern times of that time, in hindsight, prematurely. From the time of the well meaning Fred Franz interpretive attempt (1958), which premature attempt became well set in Jehovah's witnesses teachings, this error was set. But when far greater developments in the national system real global "south", and the globalization system of developing world government

"north", started to manifest fully after 1990, Bethel decided to ignore all that reality and concrete in the original Daniel interpretation of Daniel 11:27-45, now clearly in error, in the 1999 "Pay Attention to Daniel's Prophecy" book.

More aptly, in hindsight, the book should be titled "Pay NO Attention to Daniels Prophecy".

Thus rather than explain peak post Cold War globalization King North development since 1990 from Daniel 11:30 forward, Bethel ends the commentary at 1990, as if Daniel 11:43! Nearly the entire globalization "north" system detailing, and 3rd United Nations marker, is IGNORED AND BYPASSED by this Bethel modern trick.

So we need to see how Bethel arrived at Daniel 11:27, well premature of the reality of the prophecy, in the first place.

III. How Bethel Connected to Daniel 11:27 While Later Fully Bypassing The Globalization of King North

The reason this premature foray into Daniel 11:27-45 is significant is that after Roman fulfillment of Daniel 11:20-26, Bethel pulls a completely speculative fill-in bridging rationale as to what the global historic developments in the nation-state system mean, after classic Roman development.

From that speculative connection (with historic events, but not prophetic details), as it seems to lead into Daniel 11:27-45 in Bethel's premature attempt at interpretation, eventually Germany and England are derived by historical projection into WW1, as national blocks of seeming respective "north" and "south" continuation of these "kings" progression into modern times.

Except none of these Daniel 11:26 to Daniel 11:27-45 bridging assumptions, which we will cover next, are actually detailed in the Daniel 11 explicit prophecy, as will be shown. (Pay Attention to Daniel's Prophecy chap. 14 pp. 242-247, ch. The Two Kings Change Identities)

Starting with page 242, everything after Daniel 11:26 (and the rest of that Pay Attention to Daniel's Prophecy book), is the bridge of speculation and error that led to Daniel 11:27 misapplication of national powers as, in hindsight, decoys of Britain supposed "King South" and Germanic-to-USSR supposed "King North".

In reality, WW1, WW2, and the Cold War were a all Globalist "King North" engineered world war cycles, three of four, which in hindsight, all cap off with a United Nations global capping presentation, all three times—which is a very important cycle culmination to take note of.

1. First was the WW1 resolving League of Nations global presentation in 1919 (Dan12:11; Rev13:11-15);
2. The WW2 resolved United Nations global presentation in 1945 (Rev17:8-11);
3. The Cold War resolution United Nations global presentation in 1990 (Dan11:31b; Dan8:23);
4. And thus in the future, there will be a fourth, World Government, as Daniel 11:40-45 final global war cycle culmination. [\[1\]](#)

Instead, at Bethel, "nation versus nation" speculatively applied diversions are then applied to lead to and into Daniel 11:27-43 through WW1, WW2 and into the Cold War, to terminate, or rather to go "King North on hold at Daniel 11:43", as the assumed "King North" USSR fails and falls, with also no prophetic indication of such a major truly global scope event, while all real globalization system reality is totally bypassed in all its Daniel 11:27-45 details, set in 1990 stone at Bethel, in the meantime!

Thus the very erred connective historic based assumptions that led to the Daniel 11:27-45 interpretive attempt are based on the assumptions of the time, not actual Daniel 11 prophetic details that lead to Daniel 11:27, or actually applicable in Daniel 11:27-45. Bethel is who connected Daniel 11:26 to Daniel 11:27 for us, by an exercise in summarizing connective history—not actually prophecy.

In so doing, in the Bethel speculative "interpretations" leading to and into Daniel 11:27-43, the fall of the USSR is also not noted explicitly in the prophecy, as has been the case in the entire lead in to Daniel 11:27-45 where every "king" transition is noted. (which we will cover)

Thus it is also questionable that the USSR ever has applied to anything in Daniel 11, except for this "nothing will succeed":

(Daniel 11:27) "And as regards these two kings (national and globalist system), their heart will be inclined to doing what is bad, and at one table a lie is what they will keep speaking. But nothing will succeed, because [the] end is yet for the time appointed.

For the USSR cannot fulfill this requirement of success.

(Daniel 11:36) "And the king will actually do according to his own will, and he will exalt himself and magnify himself above every god; and against the God of gods he will speak marvelous things. And he will certainly prove successful until [the] denunciation will have come to a finish; because the thing decided upon must be done.

Instead the USSR is one of these "most fortified strongholds" overcome by the real **King North Globalist system** they are actually as controlled by as the USA and EU *national systems*.

(Daniel 11:39) And he will act effectively against the most fortified strongholds...

So the real "King North" entity, as one unbroken "success" from Daniel 11:27 forward, is the one who prevailed in "UN Cold Victory" in the "Cold War" collapse of the USSR. And they had a global milestone United Nations presentation in 1990, actually explicit in Daniel 11, to mark the real King North "success".

Thus what is also ignored with these telling details, is the 1990 3rd United Nations Global Presentation event, which is the key modern event actually explicitly marked in the prophecy:

(Daniel 11:31b) "And they will certainly put in place the disgusting thing that is causing desolation.

They were successful in the same cyclic manner after WW2 in 1945 with the United Nations presentation resolution. They were successful in the same cyclic manner after WW1 in 1919 with the League of Nations presentation resolution.

Thus the whole ASSUMPTION that Bethel used to span the Daniel 11:26 Roman era, to *national* Germanic and British development not actually noted in prophecy, then into Daniel 11:27 according to that premature, speculative and erred momentum, is the very bridge of speculation that began the attempted application of WW1, WW2 and Cold War USSR developments and events to Daniel 11:27-43 as national powers.

The WW1, WW2 and Cold War era is within Daniel 11:27-31, but the concurrent real "King North" is the Globalist System globalization features capitalizing on the "King South" global nation-state systems.

The connective assumptions result:

*** dp chap. 15 pp. 256-259 The Rival Kings Enter the 20th Century ***

The Rival Kings Enter the 20th Century

"THERE is a dynamism about nineteenth-century Europe that far exceeds anything previously known," writes historian Norman Davies. He adds: "Europe vibrated with power as never before: with technical power, economic power, cultural power, intercontinental power." The leaders of "Europe's triumphant 'power century,'" says Davies, "were in the first instance Great Britain and in the later decades Germany."

"INCLINED TO DOING WHAT IS BAD"

2 As the 19th century neared its end, the German Empire was "the king of the north" and Britain stood in the position of "the king of the south." (Daniel 11:14, 15) "As regards these two kings," said Jehovah's angel, "their heart will be inclined to doing what is bad, and at one table a lie is what they will keep speaking." He continued: "But nothing will succeed, because the end is yet for the time appointed."—Daniel 11:27.

3 On January 18, 1871, Wilhelm I became the first emperor of the German Reich, or Empire. He appointed Otto von Bismarck as chancellor. With his focus on developing the new empire, Bismarck avoided conflicts with other nations and formed an alliance with Austria-Hungary and Italy, known as the Triple Alliance. But the interests of this new king of the north soon clashed with those of the king of the south. (Britain)

While that is all historic truth, it is not the truth of King North and King South as actually none of that is noted in the prophecy, it is all applied from the summarizing commentary after Daniel 11:26 in the previous chapter (which we will cover below). That then continued the post WW1, WW2 Cold War diversion, to what ended up being the USSR "decoy" "King North" in Daniel 11:31-43.

The only reason the prophecy is ended in the Bethel interpretation at Daniel 11:43, as if the USSR King North, is because the USSR fell, while the premature interpretation was already in action for over 30 years. It was "left hanging" not due to any noting of such a major global event in the prophecy. In effect the dissolution of the USSR, upon already speculative application of Daniel 11:36-43 to that national bloc entity, was why Bethel was over advanced to Daniel 11:43 at the time the USSR just happened to be another "and nothing will succeed" of Daniel 11:27.

The death of Fred Franz in 1992, meant the previous commentator of this whole development had now died. And Bethel did not pick up the torch, but let the error continue to ride with no proper re-examination in light of the USSR collapse and that 3rd UN event in 1990. They just put "King North" "on hold" at Daniel 11:43.

And not only is the prophecy over advanced to Daniel 11:44 expectations to fulfill next, as if the USSR was the whole time the real King North, the USSR is not even the real King North, but just another squabbling and temporary King South nation-state partial national bloc system decoy. The whole real King South has been composed of rival nation-state systems vying with the 7th King US/UK national alliance bloc, also a King South national based entity, in the first two world wars—world wars orchestrated by the Globalist King North massive technocratic, industrial and banking system.

That whole speculation after Daniel 11:26, from bridging to Daniel 11:27 and on into the Daniel 11:27-43 prophecy in error, which was an exercise in understandable root-error from Fred Franz era (1958; Your Will Be Done commentary on Daniel's Prophecy), is how

the WW1 and WW2 era developments ended up being actually misapplied in Daniel 11:27-31—now in place 57 years among Jehovah's witnesses as of 2015.

In hindsight, this is now but a concealment of the real developments of an increasingly controlled global nation-state system of the real King North Globalist System global controller, who, in the future, end up capturing the whole "King South" worldwide nation-state system in Daniel 11:42-43 coming up:

(Daniel 11:42-43) And he will keep thrusting out his hand against the lands; and as regards the land of Egypt, she will not prove to be an escapee. 43 And he will actually rule over the hidden treasures of the gold and the silver and over all the desirable things of Egypt. And the Libyans and the Ethiopians will be at his steps.

(Daniel 11:42-43) And he (8th King/King North) will keep thrusting out his hand against the (national) lands; and as regards the land of Egypt (collective national powers; King South "capital"), she (feminized King South) will not prove to be an escapee. (captured by globalist power intrigues of first a financial nature:) 43 And he (King North/8th King) will actually rule over the hidden treasures (globally) of the gold and the silver and over all the desirable things of Egypt. (Thus 8th King/King North rules the world wealth, wealth system and all "desirable things" of collective global national "Egypt" "King South" powers in full globalist progressive ownership);

But at modern Bethel since 1990, with all these real developments on the global historic record, it is inexcusable for modern Bethel to merely continue the 1958 based error in spite of the major marked 3rd UN presentation events and the fall of the USSR in the 1990 critical period of true "King North" United Nations success!

Are we to think God would not have noted such massive global events and USSR downfall in the key prophecy to World Government?

(Daniel 11:39) And he will act effectively against the most fortified strongholds...

The USSR was merely one of those "most fortified strongholds" to fold under the real Globalist System King North "success" and "act effectively"!

But now let us see how Daniel 11:1-26 is explicit as to any rise or fall of King South and King North that is actually prophetic, as we move to the real meaning of Daniel 11:27-45, by this examination of the former valid fulfillments.

*** Daniel's Prophecy (1999) chap. 13 pp. 212-213 par. 5 Two Kings in Conflict ***

The first three kings were Cyrus the Great, Cambyses II, and Darius I (Hystaspes). Since Bardiya (or perhaps a pretender named Gaumata) ruled for only seven months, the prophecy did not take his brief reign into consideration. In 490 B.C.E., the third king, Darius I, attempted to invade Greece for the second time. However, the Persians were routed at Marathon and retreated to Asia Minor. Though Darius made careful preparations for a further campaign against Greece, he could not carry it out before his death four years later. That was left up to his son and successor, the "fourth" king, Xerxes I. He was the King Ahasuerus who married Esther.—Esther 1:1; 2:15-17.

*** Daniel's Prophecy (1999) chap. 13 p. 213 par. 7 Two Kings in Conflict ***

Planning on nothing less than a complete conquest, Xerxes I moved his huge force against Greece in 480 B.C.E. Overcoming a Greek delaying action at Thermopylae, the Persians ravaged Athens. At Salamis, though, they met with terrible defeat. Another Greek victory took place at Plataea, in 479 B.C.E. None of the seven kings who succeeded Xerxes on the throne of the Persian Empire during the next 143 years carried war into Greece. But then there arose a mighty king in Greece.

A GREAT KINGDOM DIVIDED INTO FOUR

8 “A mighty king will certainly stand up and rule with extensive dominion and do according to his will,” said the angel. (Daniel 11:3) Twenty-year-old Alexander ‘stood up’ as king of Macedonia in 336 B.C.E. He did become “a mighty king”—**Alexander the Great**. Driven by a plan of his father, Philip II, he took the Persian provinces in the Middle East. Crossing the Euphrates and Tigris rivers, his 47,000 men scattered the 250,000 troops of Darius III at Gaugamela. Subsequently, Darius fled and was murdered, ending the Persian dynasty. Greece now became the world power, and Alexander ‘ruled with extensive dominion and did according to his will.’

9 Alexander’s rulership over the world was to be brief, for God’s angel added: “When he will have stood up, his kingdom will be broken and be divided toward the four winds of the heavens, but not to his posterity and not according to his dominion with which he had ruled; because his kingdom will be uprooted, even for others than these.” (Daniel 11:4) Alexander was not quite 33 years old when sudden illness took his life in Babylon in 323 B.C.E.

10 Alexander’s vast empire did not pass to “his posterity.” His brother Philip III Arrhidaeus reigned for less than seven years and was murdered at the instance of Olympias, Alexander’s mother, in 317 B.C.E. Alexander’s son Alexander IV ruled until 311 B.C.E. when he met death at the hands of Cassander, one of his father’s generals. Alexander’s illegitimate son Heracles sought to rule in his father’s name but was murdered in 309 B.C.E. Thus ended the line of Alexander, “his dominion” departing from his family.

11 Following the death of Alexander, his kingdom was “divided toward the four winds.” His many generals quarreled among themselves as they grabbed for territory. One-eyed General Antigonus I tried to bring all of Alexander’s empire under his control. But he was killed in a battle at Ipsus in Phrygia. By the year 301 B.C.E., four of Alexander’s generals were in power over the vast territory that their commander had conquered. **Cassander** ruled Macedonia and Greece. **Lysimachus** gained control over Asia Minor and Thrace. **Seleucus I Nicator** secured Mesopotamia and Syria. And **Ptolemy Lagus** took Egypt and Palestine. True to the prophetic word, Alexander’s great empire was divided into four Hellenistic kingdoms.

The designations “**the king of the north**” and “**the king of the south**” refer to kings north and south of Daniel’s people, who were by then freed from Babylonian captivity and restored to the land of Judah. The initial “**king of the south**” was **Ptolemy I of Egypt**. One of Alexander’s generals who prevailed against **Ptolemy I** and ruled “with extensive dominion” was **Syrian King Seleucus I Nicator**. He assumed the role of “**the king of the north.**”

But **she** will **not retain the power of her arm**; and **he will not stand**, neither **his arm**; and **she will be given up**, she herself, and those bringing her in, and he who caused her birth, and the one making her strong in [those] times.

*** Daniel's Prophecy (1999) chap. 13 p. 219 par. 19 Two Kings in Conflict ***

The prophecy did not take note of Seleucus I Nicator's son and successor, Antiochus I, because he did not wage a decisive war against the **king of the south**. But his successor, **Antiochus II**, fought a long war against **Ptolemy II**, the son of Ptolemy I. **Antiochus II** and **Ptolemy II** respectively constituted the **king of the north** and the **king of the south**. **Antiochus II** was married to Laodice, and they had a son named Seleucus II, whereas **Ptolemy II** had a daughter named **Berenice**. In 250 B.C.E., these two kings entered into “an equitable arrangement.” To pay the price of this alliance, **Antiochus II** divorced his wife Laodice and married Berenice, “the very daughter of the **king of the south**.” By Berenice, he had a son who became heir to the Syrian throne instead of the sons of Laodice.

Berenice's “**arm**,” or supporting power, was her father, **Ptolemy II**. When **he died in 246 B.C.E.**, she did not “retain the power of **her arm**” with her husband. **Antiochus II** rejected her, remarried Laodice, and named their son to be his successor. As Laodice planned, **Berenice and her son were murdered**. Evidently, the attendants who had brought Berenice from Egypt to Syria—“those bringing her in”—suffered the same end. **Laodice even poisoned Antiochus II**, and thus “**his arm**,” or power, also did “not stand.” Hence, Berenice's father—“he who caused her birth”—and her Syrian husband—who had temporarily made her “strong”—both died. This left **Seleucus II**, the son of Laodice, as **Syrian king**. How would the next **Ptolemaic king** react to all of this?

A KING AVENGES HIS SISTER'S MURDER

21 “One from **the sprout** of her roots will certainly stand up in his position,” said the angel, “and he will come to the military force and come against the fortress of the **king of the north** and will certainly act against them and prevail.” (Daniel 11:7) “One from **the sprout**” of Berenice's parents, or “roots,” was her brother. At his father's death, he 'stood up' as the **king of the south**, the **Egyptian Pharaoh Ptolemy III**. At once he set out to avenge his sister's murder. Marching against **Syrian King Seleucus II**, who Laodice had used to murder Berenice and her son, he came against “the fortress of the **king of the north**.” **Ptolemy III** took the fortified part of Antioch and dealt a deathblow to Laodice. Moving eastward through the domain of the **king of the north**, he plundered Babylonia and marched on to India.

22 What happened next? God's angel tells us: “And also with their gods, with their molten images, with their desirable articles of silver and of gold, and with the captives he will come to **Egypt**. And **he** himself will for some years stand off from the **king of the north**.” (Daniel 11:8) Over 200 years earlier, Persian King Cambyses II had conquered Egypt and carried home Egyptian gods, “their molten images.” Plundering Persia's former royal capital Susa, **Ptolemy III** recovered these gods and took them 'captive' to Egypt. He also brought back as spoils of war a great many “desirable articles of silver and of gold.” Obligated to quell revolt at home, **Ptolemy III** ‘stood off from the **king of the north**,’ inflicting no further injuries upon him.

The king of the north—**Syrian King Seleucus II**—struck back. He entered “the kingdom,” or realm, of the Egyptian **king of the south** but met defeat. With only a small remnant of his army, **Seleucus II** ‘went back to his own soil,’ retreating to the Syrian capital Antioch in about 242 B.C.E. At his death, his son Seleucus III succeeded him.

*** Daniel's Prophecy (1999) chap. 13 pp. 221-222 par. 24 Two Kings in Conflict ***

Assassination ended the reign of Seleucus III in less than three years. His brother, **Antiochus III**, succeeded him on the Syrian throne. This son of Seleucus II **assembled great forces for an assault on the king of the south**, who was by then **Ptolemy IV**. The new Syrian **king of the north** successfully fought against Egypt and won back the seaport of Seleucia, the province of Coele-Syria, the cities of Tyre and Ptolemais, and nearby towns. He routed an army of King Ptolemy IV and took many cities of Judah. In the spring of 217 B.C.E., **Antiochus III** left Ptolemais and went north, “all the way to his fortress” in Syria. But a change was in sight.

*** Daniel's Prophecy (1999) chap. 13 p. 222 par. 25 Two Kings in Conflict ***

With 75,000 troops, the **king of the south, Ptolemy IV**, moved northward against the enemy. The Syrian **king of the north, Antiochus III**, had raised “a large crowd” of 68,000 to stand up against him. But “the crowd” was “given into the hand” of the **king of the south** in battle at the coastal city of Raphia, not far from Egypt’s border.

Ptolemy IV, the **king of the south**, “carried away” 10,000 Syrian infantry and 300 cavalry into death and took 4,000 as prisoners. The kings then made a treaty whereby **Antiochus III** kept his Syrian seaport of Seleucia but lost Phoenicia and Coele-Syria. Over this victory, the heart of the Egyptian **king of the south** ‘became exalted,’ especially against Jehovah. Judah remained under the control of **Ptolemy IV**. However, he did not “use his strong position” to follow up his victory against the Syrian **king of the north**. Instead, **Ptolemy IV** turned to a life of debauchery, and his five-year-old son, Ptolemy V, became the next king of the south some years before the death of Antiochus III.

*** Daniel's Prophecy (1999) chap. 13 p. 223 par. 27-28 Two Kings in Conflict ***

These “times” were 16 or more years after the Egyptians defeated the Syrians at Raphia. When young **Ptolemy V** became **king of the south, Antiochus III** set out with “a crowd larger than the first” to recover the territories he had lost to the Egyptian **king of the south**. To that end, he joined forces with Macedonian King Philip V.

The **king of the south** also had troubles within his kingdom. “In those times there will be many who will stand up against the king of the south,” said the angel. (Daniel 11:14a) Many did “stand up against the king of the south.” Besides facing the forces of Antiochus III and his Macedonian ally, the young **king of the south** faced problems at home in Egypt. Because his guardian Agathocles, who ruled in his name, dealt arrogantly with the Egyptians, many revolted.

But any “vision” such Jewish men had of ending Gentile domination of their homeland was false, and they would fail, or “stumble.”

Military forces under **Ptolemy V**, or “**arms of the south**,” succumbed to assault from the **north**. At Paneas (Caesarea Philippi), **Antiochus III** drove Egypt's General Scopas and 10,000 select men, or “picked ones,” into Sidon, “a city with fortifications.” There **Antiochus III** ‘threw up a siege rampart,’ taking that Phoenician seaport in 198 B.C.E. He acted “according to his will” because the forces of the Egyptian king of the south were unable to stand before him. **Antiochus III** then marched against Jerusalem, the capital of “the land of the Decoration,” Judah. In 198 B.C.E., Jerusalem and Judah passed from domination by the Egyptian **king of the south** to that of the Syrian **king of the north**. And **Antiochus III**, the **king of the north**, began to “stand in the land of the Decoration.” There was “extermination in his hand” for all opposing Jews and Egyptians. For how long would this **king of the north** be able to do as he pleased?

*** Daniel's Prophecy (1999) chap. 13 pp. 225-226 pars. 32-33 Two Kings in Conflict ***

32 The **king of the north**, **Antiochus III**, “set his face” to dominate Egypt “with the forcefulness of his entire kingdom.” But he ended up making “equitable terms” of peace with **Ptolemy V**, the **king of the south**. Rome's demands had caused **Antiochus III** to change his plan. When he and King Philip V of Macedonia leagued against the Egyptian king of tender years to take over his territories, the guardians of **Ptolemy V** turned to Rome for protection. Taking advantage of the opportunity to expand its sphere of influence, Rome flexed its muscles.

33 Under compulsion by Rome, **Antiochus III** brought terms of peace to the king of the south. Rather than surrendering conquered territories, as Rome had demanded, **Antiochus III** planned to make a nominal transfer of them by having his daughter Cleopatra —“the daughter of womankind”—marry **Ptolemy V**. Provinces that included Judah, “the land of the Decoration,” would be given as her dowry. At the marriage in 193 B.C.E., however, the **Syrian king** did not let these provinces go to **Ptolemy V**. This was a political marriage, formed to make Egypt subject to Syria. But the scheme failed because **Cleopatra I** did “not continue to be his,” for she later sided with her husband. When war broke out between **Antiochus III** and the Romans, **Egypt** took the side of Rome.

Daniel 11:18-19

Although Bethel notes the continuation of Ptolemy VI and Seleucus IV and Antiochus IV, they are not actually detailed in the prophecy.

(Daniel 11:18-19) And **he** will turn his face back to the coastlands and will actually capture many. And a commander will have to make the reproach from him cease for himself, [so that] his reproach will not be. He will make it turn back upon that one. 19 And **he** will turn his face back to the fortresses of his [own] land, and **he will certainly stumble and fall**, and **he** will not be found.

*** Daniel's Prophecy (1999) chap. 13 p. 226 par. 35 Two Kings in Conflict ***

The "coastlands" were those of Macedonia, Greece, and Asia Minor. A war broke out in Greece in 192 B.C.E., and **Antiochus III** was induced to come to Greece. Displeased because of the Syrian king's efforts to capture additional territories there, Rome formally declared war on him. At Thermopylae he suffered a defeat at Roman hands. About a year after losing the battle of Magnesia in 190 B.C.E., he had to give up everything in Greece, Asia Minor, and in areas west of the Taurus Mountains. Rome exacted a heavy fine and established its domination over the Syrian **king of the north**. Driven from Greece and Asia Minor and having lost nearly all his fleet, **Antiochus III** 'turned his face back to the fortresses of his own land,' Syria. The Romans had 'turned back upon him his reproach against them.' **Antiochus III died** while trying to rob a temple at Elymais, Persia, in 187 B.C.E. He thus 'fell' in death and was succeeded by his son Seleucus IV, the next king of the north.

As we see in the above the progression of the "king of the north" and the "king of the south", the progress is very detailed in the prophecy to later identify historic reality that matches the prophecy provided unique criteria. Now the practice of overextending the prophecy to details not found in the prophecy is set (Such as that last sentence "Seleucus IV, the next king of the north", which is implied, not actually an explicit part of the prophecy).

Continuing in such a non-prophetic overextension beyond the explicit details of the prophecy, none of this below is actually described in Daniel 11. Though it is a way of summarizing the period, this practice of "filling in" "king north" and "king south" extending details not in the prophecy, though of no deceptive effect here, will become useful for fictional overextension by the time the transition from Daniel 11:26 to Daniel 11:27 is reached. Just make note, that this, though historic, is not explicit prophetic "king" "north/south" activity noted in the prophecy:

*** Daniel's Prophecy (1999) chap. 13 pp. 227-229 Two Kings in Conflict ***

THE CONFLICT CONTINUES

36 As the king of the south, Ptolemy V tried to gain the provinces that should have come to him as Cleopatra's dowry, but poison ended his efforts. He was succeeded by Ptolemy VI. What about Seleucus IV? In need of money to pay the heavy fine owed to Rome, he sent his treasurer Heliodorus to seize riches said to be stored in Jerusalem's temple. Desiring the throne, Heliodorus murdered Seleucus IV. However, King Eumenes of Pergamum and his brother Attalus had the slain king's brother Antiochus IV enthroned.

37 The new king of the north, Antiochus IV, sought to show himself mightier than God by trying to eradicate Jehovah's arrangement of worship. Defying Jehovah, he dedicated Jerusalem's temple to Zeus, or Jupiter. In December 167 B.C.E., a pagan altar was erected on top of the great altar in the temple courtyard where a daily burnt offering had been made to Jehovah. Ten days later, a sacrifice to Zeus was offered on the pagan altar. This desecration led to a Jewish uprising under the Maccabees. Antiochus IV battled them for three years. In 164 B.C.E., on the anniversary of the desecration, Judas Maccabaeus rededicated the temple to Jehovah and the festival of dedication—Hanukkah—was instituted.—John 10:22.

38 The Maccabees probably made a treaty with Rome in 161 B.C.E. and established a kingdom in 104 B.C.E. But the friction between them and the Syrian king of the north continued. Finally, Rome was called upon to intervene. The Roman General Gnaeus Pompey took Jerusalem in 63 B.C.E. after a three-month siege. In 39 B.C.E., the Roman Senate appointed Herod—an Edomite—to be king of Judea. Ending the Maccabean rule, he took Jerusalem in 37 B.C.E.

39 How thrilling it is to see the first part of the prophecy of the two kings in conflict fulfilled in detail! Indeed, how exciting to peer into the history of some 500 years after the prophetic message was delivered to Daniel and identify the rulers occupying the positions of the king of the north and the king of the south! However, the political identities of these two kings change as the battle between them continues through the time when Jesus Christ walked the earth and down into our day. By matching historical developments with intriguing details revealed in this prophecy, we will be able to identify these two contending kings.

Though the commentary will return to Roman era verifiable historic events (Dan11:20-26), actually described in the Daniel 11:20-26 portion of prophecy, as we see in the above, the principle of overextending known history in that connective tangent, not actually in the prophecy, will be used again to end this section as well. And that connective tangent will have a greater effect come the time for the transition from Daniel 11:20-26 into Daniel 11:27-43.

Just keep that practice in mind of Bethel of employing prophetically unfounded tangents for what will begin another total departure from the prophecy on page 242 come Daniel 11:26-27 transition attempt time after this section below.

A NEW KING SENDS OUT “AN EXACTOR”

4 In the spring of 33 C.E., Jesus Christ told his disciples: “When you catch sight of the disgusting thing that causes desolation, as spoken of through Daniel the prophet, standing in a holy place, then let those in Judea begin fleeing to the mountains.” (Matthew 24:15, 16) Quoting from Daniel 11:31, Jesus warned his followers about a future ‘disgusting thing causing desolation.’ This prophecy involving the king of the north was given some 195 years after the death of Antiochus IV, the last Syrian king in that role. Surely, another ruling entity would have to assume the identity of the king of the north. Who would that be?

5 Jehovah God’s angel foretold: “There must stand up in his position [that of Antiochus IV] **one** who is causing an exactor to pass through the splendid kingdom, and in a few days he will be broken, but not in anger nor in warfare.” (Daniel 11:20) The one ‘standing up’ in this way proved to be the first Roman emperor, **Octavian, who was known as Caesar Augustus**.—See “One Honored, the Other Despised,” on page 248.

6 “The splendid kingdom” of **Augustus** included “the land of the Decoration”—the Roman province of Judea. (Daniel 11:16) In 2 B.C.E., **Augustus sent out “an exactor” by ordering a registration**, or census, probably so that he could learn the number of the population for purposes of taxation and military conscription. Because of this decree, Joseph and Mary traveled to Bethlehem for registration, resulting in Jesus’ birth at that foretold location. (Micah 5:2; Matthew 2:1-12) In **August 14 C.E.—“in a few days,” or not long after decreeing the registration—Augustus died** at the age of 76, neither “in anger” at an assassin’s hands nor “in warfare,” but as a **result of illness**. The **king of the north** had indeed changed identity! This king had by now become the Roman Empire in the person of its emperors.

*** Daniel's Prophecy (1999) chap. 14 pp. 234-238 pars. 8-11 The Two Kings Change Identities ***

The “one who is to be despised” was **Tiberius Caesar**, the son of Livia, Augustus’ third wife. (See “One Honored, the Other Despised,” on page 248.) Augustus hated this stepson because of his bad traits and did not want him to become the next Caesar. “The dignity of the kingdom” was unwillingly bestowed upon him only after all other likely successors were dead. Augustus adopted Tiberius in 4 C.E. and made him heir to the throne. After the death of Augustus, 54-year-old **Tiberius—the despised one—‘stood up,’ assuming power as the Roman emperor and the king of the north**.

9 “**Tiberius**,” says The New Encyclopædia Britannica, “played politics with the Senate and did not allow it to name him emperor for almost a month [after Augustus died].” He told the Senate that no one but Augustus was capable of carrying the burden of ruling the Roman Empire and asked the senators to restore the republic by entrusting such authority to a group of men rather than to one man. “Not daring to take him at his word,” wrote historian Will Durant, “the Senate exchanged bows with him until at last he accepted power.” Durant added: “The play was well acted on both sides. Tiberius wanted the principate, or he would have found some way to evade it; the Senate feared and hated him, but shrank from re-establishing a republic based, like the old, upon theoretically sovereign assemblies.” Thus **Tiberius** ‘took hold of the kingdom by means of smoothness.’

10 “As regards the arms of the flood”—the military forces of the surrounding kingdoms—the angel said: ‘They will be

flooded over and will be broken.' When **Tiberius** became the **king of the north**, his nephew Germanicus Caesar was commander of the Roman troops on the Rhine River. In 15 C.E., Germanicus led his forces against the German hero Arminius, with some success. However, the limited victories were won at great cost, and **Tiberius** thereafter aborted operations in Germany. Instead, by promoting civil war, he tried to prevent German tribes from uniting. **Tiberius** generally favored a defensive foreign policy and focused on strengthening the frontiers. This stance was fairly successful. In this way "the arms of the flood" were controlled and were "broken."

11 "Broken" too was "the Leader of the covenant" that Jehovah God had made with Abraham for blessing all the families of the earth. Jesus Christ was the Seed of Abraham promised in that covenant. (Genesis 22:18; Galatians 3:16) On Nisan 14, 33 C.E., Jesus stood before Pontius Pilate in the Roman governor's palace in Jerusalem. The Jewish priests had charged Jesus with treason against the emperor. But Jesus told Pilate: "My kingdom is no part of this world. My kingdom is not from this source." So that the Roman governor might not free the faultless Jesus, the Jews shouted: "If you release this man, you are not a friend of Caesar. Every man making himself a king speaks against Caesar." After calling for Jesus' execution, they said: "We have no king but Caesar." According to the law of "injured majesty," which **Tiberius** had broadened to include virtually any insult to Caesar, Pilate handed Jesus over to be "broken," or impaled on a torture stake. —John 18:36; 19:12-16; Mark 15:14-20.

*** Daniel's Prophecy (1999) chap. 14 pp. 238-240 The Two Kings Change Identities ***

A TYRANT 'SCHEMES OUT HIS SCHEMES'

12 Still prophesying about **Tiberius**, the angel said: "Because of their allying themselves with him he will carry on deception and actually come up and become mighty by means of a little nation." (Daniel 11:23) Members of the Roman Senate had constitutionally 'allied themselves' with **Tiberius**, and he formally depended upon them. But he was deceptive, actually becoming "mighty by means of a little nation." That little nation was the Roman Praetorian Guard, encamped close to Rome's walls. Its proximity intimidated the Senate and helped **Tiberius** keep in check any uprisings against his authority among the populace. By means of some 10,000 guards, therefore, Tiberius remained mighty.

13 The angel added prophetically: "During freedom from care, even into the fatness of the jurisdictional district he will enter in and actually do what his fathers and the fathers of his fathers have not done. Plunder and spoil and goods he will scatter among them; and against fortified places he will scheme out his schemes, but only until a time." (Daniel 11:24) **Tiberius** was extremely suspicious, and his reign abounded with ordered killings. Largely because of the influence of Sejanus, commander of the Praetorian Guard, the latter part of his reign was marked by terror. Finally, Sejanus himself fell under suspicion and was executed. In tyrannizing over people, **Tiberius** exceeded his forefathers.

14 **Tiberius**, however, scattered "plunder and spoil and goods" throughout the Roman provinces. By the time of his death, all the subject peoples were enjoying prosperity. Taxes were light, and he could be generous to those in areas undergoing hard times. If soldiers or officials oppressed anyone or promoted irregularity in handling matters, they could expect imperial vengeance. A firm grip on power maintained public security, and an improved communications system helped commerce. **Tiberius** made sure that affairs were administered fairly and steadily inside and outside Rome. The laws were improved, and social and moral codes were enhanced by the furthering of reforms instituted by Augustus Caesar. Yet, **Tiberius** 'schemed out his schemes,' so that Roman historian Tacitus described him as a hypocritical man, skilled at putting on false appearances. By the time he died in March 37 C.E., **Tiberius** was considered to be a tyrant.

15 The successors to Tiberius who filled the role of the king of the north included Gaius Caesar (Caligula), Claudius I, Nero, Vespasian, Titus, Domitian, Nerva, Trajan, and Hadrian. "For the most part," says The New Encyclopædia Britannica, "the successors to Augustus continued his administrative policies and building program, though with less innovation and more ostentation." The same reference work further points out: "In the late 1st and early 2nd centuries Rome was at the peak of its grandeur and population." Although Rome had some trouble on the imperial frontiers during this time, its first foretold confrontation with the king of the south did not occur until the third century C.E.

Paragraph 15 is also an example of an implied extension of king north, that is not noted in the prophecy in these ways of specifics just covered.

AROUSED AGAINST THE KING OF THE SOUTH

17 About 300 years after Octavian had made Egypt a Roman province, **Roman Emperor Aurelian** assumed the role of the **king of the north**. Meanwhile, **Queen Septimia Zenobia** of the Roman colony of Palmyra occupied the position of the **king of the south**. (See “Zenobia—The Warrior Queen of Palmyra,” on page 252.) The Palmyrene army occupied Egypt in 269 C.E. under the pretext of making it secure for Rome. **Zenobia** wanted to make Palmyra the dominant city in the east and wanted to rule over Rome’s eastern provinces. Alarmed by her ambition, **Aurelian** aroused “his power and his heart” to proceed against **Zenobia**.

18 As the ruling entity headed by **Zenobia**, the **king of the south** ‘excited himself’ for warfare against the **king of the north** “with an exceedingly great and mighty military force” under two generals, **Zabdas** and **Zabbai**. But **Aurelian** took Egypt and then launched an expedition into Asia Minor and Syria. **Zenobia was defeated at Emesa** (now Homs), whereupon she retreated to Palmyra. When Aurelian besieged that city, **Zenobia** valiantly defended it but without success. She and her son fled toward Persia, only to be captured by the Romans at the Euphrates River. The Palmyrenes surrendered their city in 272 C.E. **Aurelian** spared **Zenobia**, making her the prize feature in his triumphal procession through Rome in 274 C.E. She spent the rest of her life as a Roman matron.

19 **Aurelian** himself ‘did not stand because of schemes against him.’ In 275 C.E., he set out on an expedition against the Persians. While he was waiting in Thrace for the opportunity to cross the straits into Asia Minor, those who ‘ate his food’ carried out schemes against him and brought about his “breakdown.” He was going to call his secretary Eros to account for irregularities. Eros, however, forged a list of names of certain officers marked for death. The sight of this list moved the officers to plot **Aurelian’s** assassination and to murder him.

V. The Main Bethel Maintained Diversion and Premature Time Point

Begin Non-Prophetic Speculative Bridge to Daniel 11:27

Here in the Daniel's Prophecy book of 1999, on page 242, paragraph 20, is where the commentary diverges from Daniel 11 provided details into an overextension of what becomes, in time, a major NON-PROPHETIC connective bridge into Daniel 11:27-43's base founding rationale, and its then subsequent speculations (present since 1958, recapped in the 1999 Daniel Prophecy commentary).

This practice of going off on tangents into details not found in the prophecy itself, though historic, was shown previously on pages 227-229. What is significant about this foray into connective non-prophetic assumptions, though based on real historic events, is that it continues from these speculative connections into the totally premature speculation of Daniel 11:27-43, but beginning to be set up right here:

20 The career of the king of the north did not end with the death of Emperor Aurelian. Other Roman rulers followed. For a time, there was an emperor of the west and one of the east. Under these men the “military force” of the king of the north was “flooded away,” or “scattered,” and many ‘fell down slain’ because of the invasions of the Germanic tribes from the north. Goths broke through the Roman frontiers in the fourth century C.E. Invasions continued, one after the other. In 476 C.E., German leader Odoacer removed the last emperor ruling from Rome. By the beginning of the sixth century, the Roman Empire in the west had been shattered, and German kings ruled in Britannia, Gaul, Italy, North Africa, and Spain. The eastern part of the empire lasted into the 15th century.

A GREAT EMPIRE IS DIVIDED

21 Without giving unnecessary details about the breakdown of the Roman Empire, which stretched over centuries, Jehovah's angel went on to foretell further exploits of the king of the north and the king of the south. However, a brief review of certain developments in the Roman Empire will help us to identify the two rival kings in later times.

Because no specific prophecy details are provided in Daniel 11 regarding this stretch of imagination (in hindsight), this is all quite detailed speculation to connect the Roman era to Britain and Germany in history, by just such a non-prophetic over extension, which proved to be in error in hindsight. It allowed the WW1, WW2 and Cold War major global periods to also be “retrofitted” into Daniel 11:27-45 before its actual time.

What this non-prophetic extending speculation originally allowed was the *assumption* of a Germanic “North” and a British “South” as *national powers*, that became retrofitted upon Daniel 11:27-31, with ZERO actual prophetic details—

only events and national power traits that seemed to fit the prophecy. That furthered the setup for the error of the USSR "North" to be applied later from Daniel 11:31 transition to a supposed USSR "King North" for the concluding Daniel 11:31-43 fictions, by use of the same premature connective fiction.

As will be noted again, the USSR "fall" is not mentioned in the prophecy, when most certainly it would have been, had the USSR actually been the real "King of the North", as a general principle of how this detailed prophecy has unfolded to this point, covered previously for this reason.

And never has a "king" in Daniel 11 been just left hanging to be "reconnected" and summarized by pure human speculations, unbacked by actual prophetic details, especially at such an important final portion en route to the real King North climax into obvious World Government in Daniel 11:45.

Example of The Real "King North" Criteria of Success

Now if we notice EVERY transition in prophecy of King North and King South is noted in the prophecy, of course the "fall of the USSR" would have to be in prophecy to establish that true "King North" supposed identity. The opposite is the case required by the prophecy: "King North" *required* success from Daniel 11:36-45.

(Daniel 11:36) And he (King North) will certainly prove successful until [the] denunciation will have come to a finish; (at Armageddon) because the thing decided upon must be done.

Now by a lax use of the truth the "kings" "north" and "south" have indeed changed identity over 2300 years, but with a *prophetically noted* transitional event, that lax "changes identity" "principle" is then used to simply leave the now failed USSR supposed "King North" hanging at Daniel 11:43, with no indication whatsoever of this monumental, supposed King North, USSR collapse. A larger and greatly significant power system collapse than anything ever noted in the prophecy up to that alleged point in Daniel 11:43.

All of these speculation connections to be covered below, that allowed these errors to continue unbacked by any prophetic details in reality, is how the great global "King South" Nation-State System, and the great global "King North" Globalization System of the Globalists is fully bypassed from modern Jehovah's witnesses awareness. The entire significance of Globalization to effect that actual final development of World Government, instead, has fully fallen out of Jehovah's witnesses awareness as well—TOTALLY ignored by modern Apostate Bethel. (The real Dan11:32a)

According to this lax Bethel interpretive practice, they just bypass the fall of the USSR, alleged "King North", as if:

1. That monumental global USSR fall was not noted in a prophecy that previously notes every King North or King South fall event!
2. God would waste half of Daniel 11 on an insignificant partial national bloc which failed, as well as not even noting this striking and significant global event!
3. This Daniel 11 error is acceptable to be retained in light of the USSR fall, and the emergence of, instead: the 3rd United Nations global presentation after the Cold War in 1990. (Well that UN 1990 3rd presentation detail is noted at Daniel 11:31b, they were the "north" that was successful the whole time!)
4. All post 1990 rampant globalization can be fully ignored. The whole expansion and globalization of a global military, financial and corporate complex system, shelling and supporting it all can be fully ignored, as if Russia, China and India and others joining this globalization wave with trillions of dollars and billions of people after 1990 is insignificant!

More Speculative Bridging to Daniel 11:27

All this below is the speculative connection to Daniel 11:27-45, not actually anywhere in the Daniel 11 prophecy details, that allowed all the above error to be created upon these overextensions not found in prophecy:

22 In the fourth century, Roman Emperor Constantine gave State recognition to apostate Christianity. He even called and personally presided over a church council at Nicaea, Asia Minor, in 325 C.E. Later, Constantine moved the imperial residence from Rome to Byzantium, or Constantinople, making that city his new capital. The Roman Empire continued under the rulership of a single emperor until the death of Emperor Theodosius I, on January 17, 395 C.E.

23 Following the death of Theodosius, the Roman Empire was divided between his sons. Honorius received the western part, and Arcadius the eastern, with Constantinople as his capital. Britannia, Gaul, Italy, Spain, and North Africa were among the provinces of the western division. Macedonia, Thrace, Asia Minor, Syria, and Egypt were provinces of the eastern division. In 642 C.E., the Egyptian capital, Alexandria, fell to the Saracens (Arabs), and Egypt became a province of the caliphs. In January 1449, Constantine XI became the last emperor of the east. Ottoman Turks under Sultan Mehmed II took Constantinople on May 29, 1453, ending the Eastern Roman Empire. The year 1517 saw Egypt become a Turkish province. In time, though, this land of the ancient king of the south would come under the control of another empire from the western sector.

24 In the western wing of the Roman Empire arose the Catholic bishop of Rome, notably Pope Leo I, who was renowned for asserting papal authority in the fifth century C.E. In time, the pope took it upon himself to crown the emperor of the western section. This occurred in Rome on Christmas day of 800 C.E., when Pope Leo III crowned Frankish King Charles (Charlemagne) emperor of the new Western Roman Empire. This coronation revived the emperorship in Rome and, according to some historians, marked the beginning of the Holy Roman Empire. From then on there existed the Eastern Empire and the Holy Roman Empire to the west, both claiming to be Christian.

25 As time passed, the successors of Charlemagne proved to be ineffectual rulers. The office of the emperor even lay vacant for a time. Meanwhile, German King Otto I had gained control of much of northern and central Italy. He proclaimed himself king of Italy. On February 2, 962 C.E., Pope John XII crowned Otto I emperor of the Holy Roman Empire. **Its capital was in Germany, and the emperors were Germans, as were most of their subjects. Five centuries later the Austrian house of Hapsburg obtained the title of "emperor" and held it for most of the remaining years of the Holy Roman Empire.**

Note: NONE of that is actually in the Daniel 11 prophecy!

THE TWO KINGS AGAIN IN CLEAR FOCUS

26 Napoléon I delivered a deathblow to the Holy Roman Empire when he refused to recognize its existence following his victories in Germany during the year 1805. Unable to defend the crown, Emperor Francis II resigned from Roman imperial status on August 6, 1806, and withdrew to his national government as emperor of Austria. After 1,006 years, the Holy Roman Empire—founded by Leo III, a Roman Catholic pope, and Charlemagne, a Frankish king—came to an end. In 1870, Rome became the capital of the kingdom of Italy, independent of the Vatican. **The following year, a Germanic empire began with Wilhelm I being named caesar, or kaiser. Thus the modern-day king of the north—Germany—was on the world scene.**

27 **But what was the identity of the modern-day king of the south? History shows that Britain took on imperial power in the 17th century.** Wanting to disrupt British trade routes, Napoléon I conquered Egypt in 1798. War ensued, and a British-Ottoman alliance forced the French to withdraw from Egypt, identified as the king of the south at the onset of the conflict. During the following century, British influence in Egypt increased. After 1882, Egypt was actually a British dependency. When World War I broke out in 1914, Egypt belonged to Turkey and was ruled by a khedive, or viceroy. After Turkey sided with Germany in that war, however, Britain deposed the khedive and declared Egypt a British protectorate. **Gradually forming close ties, Britain and the United States of America became the Anglo-American World Power. Together, they came into the position of the king of the south.**

Though those historic details are true and compelling, NONE of that is actually in the Daniel 11 prophecy!

Note: Please keep in mind the original Daniel commentary of 1958 was not "updated" while the 1989-1991 Cold War cessation, marked by the USSR fall into a 3rd United Nations global-presentation was in action on the global scene. Instead, first, the 750 page "Proclaimers of God's Kingdom" distracting "JW Bible of Organizational Idolatry" book was released in 1993, as the Gulf War distraction (1990-1991) had passed.

Then in 1999, when just enough time had passed, yet not too much time for failed USSR questions to be raised about the 1958 Daniel commentary, the final Bethel version was released in the 1999 "Pay Attention to Daniel's Prophecy" book. The 1999 Daniel commentary book was released, maintaining the old Bethel interpretation as a well concreated in error-turned-lie at Bethel, just long enough after these key USSR centered events had passed from the JW collective memory—as if the USSR failure and the 1990 3rd UN presentation was totally insignificant in the world system and in Daniel 11:27-45!

Very well planned indeed!

VI. Implications of Fictional Interpretive Extensions

What that did was set up the well meaning Fred Franz attempted extension of that rationale, into Daniel 11:27-45, in the "Your Will Be Done" book of the Daniel Prophecy commentary of 1958. This is not meant to accuse Fred Franz, who, given the high profile nature of...

1. The WW1, WW2 second world war cycle (1939-1945), Nazi Germany, and
2. the USA versus USSR Cold War mentality prevalent in the quickly following Cold War third cycle period (1947-1991),

...and that practice of speculative overextension already being employed, would have logically thought that WW1, WW2 and then the USSR was potentially in the rest of Daniel 11:27-45.

Since the "kings" "north" and "south" theme already was well established, and the Cold War, a unique (Dan11:29) World War of Military Expansion final phase, now seen in hindsight, was not then known to result in the monumental USSR collapse and failure (Dan11:27 "nothing will succeed"), it is understandable how the national based theater of

distractions had their intended global effect of distraction.

In reality, all these world wars (WW1, WW2, Cold War), (including the Cold War cycle), and the final one to come (Rev13:3; Rev17:8-13) are within the squabbling Global "King South" worldwide nation-state system of limited sovereign conflict. And that has been the perfect distracting atmosphere to found the decoys and an error for quite some time in the minds of Jehovah's witnesses.

But when it could have been clarified with the end of the Cold War in mind, and the spectacular global failure of the USSR system, Bethel merely retained what is now an obvious error. Obviously such huge global developments required a total examination of Daniel 11:27-45 in light of these significant global developments, especially that 3rd United Nations "disgusting thing" presentation of 1990! (Fred Franz died in 1992, and no doubt would have re-examined the Daniel 11 prophecy very very carefully in light of these quite unexpected events.)

And thus a "third world war was averted" as the Cold War third global cycle also fell off the radar of significance in prophecy as a third global war cycle, merely "cold" in nature, to also culminate, a third time now, in yet another global United Nations capping presentation in "New World Order" mode!

Awake! 9/8/1991; UN NGO Bethel sure noted it, in that first UN NGO Awake! issue, *but not as prophecy!*—keep that in mind please.

Can a Co-Developing Apostasy Noted in Daniel 11:30-32 Have Anything to do with this Odd Bethel Behavior?

And thus the emergence of a final apostasy, also co-developing as explicitly noted in Daniel 11:30-35, is very interesting to instead answer the true internal motives and condition of what amounts to a Globalist King North control of Apostate Bethel, explicit in Daniel 11:32a.

(Daniel 11:32) "And those who are acting wickedly against [the] covenant (at Bethel), he (8th King/King North) will lead into apostasy by means of smooth words. (The Bethel "smooth words" 8th King cover-up in the JW publications is part of the smoothly justified apostasy);

And this apostasy development, in a well known new Christian location since 1919, well after the Christendom apostasy was fully exposed from after 1919, is the reason why Bethel stubbornly refuses to update the prophecy to modern Nation-State "king south" versus Globalization System "king north" reality of modern times.

Bethel would also have to admit or disclose their own apostasy! But they sure got the "smooth words" to aid the cover up instead!

Now when Bethel also joined the United Nations of Non-Governmental Organizations (UN NGO), with a Bethel approved "non-kingdom" implication as well, then it became obvious who Bethel is actually allied with, and why they as the final foretold King North attaché will not expose the real King North Globalized World Government System or its final developments.

Now apostate, Bethel will not divulge the marked Daniel 11:30-45 progression from the 1990 3rd United Nations global presentation of Daniel 11:31b actuality, to the final King North World Government fourth UN presentation to come as the real culmination of Daniel 11:40-45, in the future.

Of course we cannot expect Bethel to expose their own foretold Daniel 11 apostasy that co-develops in Daniel 11:30-32a with that also covered up 3rd United Nations presentation! They will not connect themselves to the co-developing apostasy that they now exhibit in marked manner as also publicly known UN NGO, while at the same time retaining a former Daniel 11:27-43 error which allows the concealment of the real Globalist King North and National King South global systems from Jehovah's witnesses and their audience.

The Real King North: Globalized World Government

The real King South and King North have simplified in meaning, yet the symbols have gone truly global in scope:

1. King South is the Global *National System*, or the Nation-State based "Old World Order";
2. King North is the Anglo-American *Globalist guided Globalization core Elite World Government System*, or the Globalist "New World Order";

The Bethel "King North" Modern Overextension to Daniel 11:44

And that is what Bethel will not divulge, as instead they retain the over-advanced in error, and misapplied USSR=King North myth, to keep Jehovah's witnesses expecting "Daniel 11:44 "attack" next brothers!", by use of a supposedly "fulfilled prophecy" in Daniel 11:40-43 that the "USSR fulfilled as King North".

*** Daniel's Prophecy (1999) chap. 16 pp. 278-280 The Contending Kings Near Their End ***

EGYPT DOES NOT ESCAPE

18 Jehovah's angel continued: "He [the king of the north] will keep thrusting out his hand against the lands; and as regards the land of Egypt, she will not prove to be an escapee. And he will actually rule over the hidden treasures of the gold and the silver and over all the desirable things of Egypt. And the Libyans and the Ethiopians will be at his steps." (Daniel 11:42, 43) Even the king of the south, "Egypt," did not escape the effects of the expansionist policies of the king of the north. For example, the king of the south suffered a notable defeat in Vietnam. And what of "the Libyans and the Ethiopians"? These neighbors of ancient Egypt might well foreshadow nations that are, geographically speaking, neighbors of modern "Egypt" (the king of the south). At times, they have been followers of—'at the steps of—the king of the north.

Obviously the Anglo-American supposed "King South" "Egypt" modern day "king" DID prove to be "an escapee" and the implied "Cold War Victor" over the, instead, failed USSR! The OPPOSITE as Bethel is proposing here!

19 Has the king of the north ruled over 'the hidden treasures of Egypt'? He has indeed had a powerful influence on the way that the king of the south has used his financial resources. Because of fear of his rival, the king of the south has devoted huge sums to maintaining a formidable army, navy, and air force. To this extent, the king of the north 'ruled over,' or controlled, the disposition of the wealth of the king of the south.

Now how can a bankrupt and non-existent USSR also be a world ruler of the GLOBAL gold and silver bullion supplies and ALL the "desirable things" and "hidden treasures of Egypt" of the Anglo-American King South, there under USSR TOTAL Global domination?

When did that happen?

And so by the use of that "smooth word" bypass of ALL REALITY (Dan11:32a), Jehovah's witnesses expectations are left hanging here at Daniel 11:44, (too far into the prophecy as well), for a "new" "King North" that can be "filled in" with but another "King North" decoy, [like Russia](#) or the recently [Bethel prepared "coalition of nations" "Gog" parallel:](#)

THE FINAL CAMPAIGN

20 The rivalry between the king of the north and the king of the south—whether by military, economic, or other means—is nearing its end. Revealing the details of a conflict yet to come, Jehovah's angel said: "There will be reports that will disturb him [the king of the north], out of the sunrising and out of the north, and he will certainly go forth in a great rage in order to annihilate and to devote many to destruction. And he will plant his palatial tents between the grand sea and the holy mountain of Decoration; and he will have to come all the way to his end, and there will be no helper for him."—Daniel 11:44, 45.

Daniel 11:44—Keep JWs Hanging at the "End of the World" Next!

No way can a "King North" transition be left hanging in such a detailless and unfounded fantasy such as that of the modern Bethel apostates!

By this over advancement into Daniel 11, the premature "is nearing its end" delusion can also be amplified by the impression "Daniel 11:44 must fulfill next brothers!". (2Thess2:1-2)

The UN allied Bethel Apostates and Infiltrators (Dan11:30-32a) have now capitalized on that former error, to keep it in place, "throwing truth to the earth" (Dan8:12), for future use against Jehovah's witnesses by deception of the premature "end of the world" it instead suggests to Jehovah's witnesses. (2Thess2:1-2) Along with a handy ["King North" "attack" that can also be prematurely misrepresented](#) in the future!

This means Bethel has, also at the same time, been *actively bypassing* all post 1990 post Cold War real "King North" guided globalization expansion of the real Globalist King North system (Rev16:13-16), and its explicit global dominating details in Daniel 11:30-45—right from the very time in 1990, when all this real "King North" Anglo-American globalist detail could be explained with a 1990 3rd United Nations presentation too boot!

When it all could have started to be truly explained in 1990, Bethel said the whole Daniel 11 progress had ended at Daniel 11:43!

The Watchtower Watchtower June 15, 2012; Jehovah is a "Revealer of Secrets" - Paragraph 19

We are living in the days of the seventh head. No more heads will appear on this beast before it is annihilated. The Anglo-American World Power will be the dominant world power when false religion is eradicated. The prophecies of Daniel and John have been fulfilled to the smallest detail. We can be confident that the destruction of false religion and the battle of Armageddon will soon come. God has revealed these details in advance. Will we pay attention to the prophetic

warnings? (2 Pet. 1:19) Now is the time to take sides with Jehovah and to support his Kingdom.—Rev. 14:6, 7.

What we can be confident of is Bethel is promoting [the premature "the end" delusion](#) of [2 Thessalonians 2:1-2](#).

Final "Sword Stroke" in Daniel 11:40 Ongoing Globalist King North Global Military Positioning Context

Now this allows the real already active Daniel 11:40 global takeover culmination of the King North Globalizing NATO military system and all its supporting systems, in a final cycle coming up, which will run to the finale of Daniel 11:40-43, to remain *unknown to Jehovah's witnesses for quite some time*. (Dan8:13-14)

Now with the real Daniel 11:41 culmination to come on apostate Bethel in the future, as already "entered" and aided internally at infiltrated and subverted Bethel (Dan11:32a; Dan8:12), for the future final JW Organization global coup, Bethel can sell those JW organization downfall and invasion "trampling" events *as if Daniel 11:44* and "the end of the world" to Jehovah's witnesses—a total [premature "the end" Armageddon Hoax smokescreen](#). (2Thess2:1-2)

Thus a "it's the end of the world!" smokescreen, to apply to JWs with very real Daniel 11:41 and Daniel 8:13 events, is now, instead, in place and well primed in the JW mind.

Daniel 11:41 Temple Judgment Parallel and Global Context on Bethel Soon

In reality Daniel 11:41 globalist King North Bethel "invasion" will be the parallel of the [Daniel 8:13-14 Temple Judgment "Trampling"](#), well before World Government completes to unfold with the real fall of "King South" into "King North" globalization system total domination of the global nation-state system. ([Dan11:42-43](#))

And Jehovah's witnesses will not only be none the wiser, they will be under the false impression "the end" has arrived, as instead Daniel 8:13 "trampling" events on Bethel (Dan11:41 context) will manifest instead. That will be the Daniel 8:14 Temple Judgment "evening" phase timing (3.19 years) of accounting that will fully expire in the temple "trampling" for the UN NGO "transgression causing desolation" of Daniel 8:13 parallel of Daniel 11:31b apostate Bethel UN NGO.

Those developments of "prophetic proportions" of the future, will be how the "Temple" "right condition" will be achieved in the total purification of the "morning" phase of the Temple Judgment recovery period (Dan8:14,26), also timed as 3.19 years, for a total "2300 evenings and mornings" of 6.38 years. (Lunar Year/360 Days)

Of course a Bethel that joined the United Nations of Organizations, and conceals modern prophecy as if dead to the world, with no required updates whatsoever, cannot be in the "right condition". Instead the Bethel global record includes other criminal activities now undermining the anointed Christian ministry, and subverting it and its "constant feature" into a global "befouled" reproach. (Zech3:1-3)

VII. REALITY: Daniel 11:27-45 The Globalists' "North" Versus The Nation-State "South" at Worldwide Scale

Daniel 11:27—World War1, World War2, Cold War First Three Cycles of Four (Dan11:27-30)

A dominant feature of this section of prophecy is that King North is the driving global force for the entire progression and final sequence to "King North" World Government in Daniel 11:27-45—truly this prophecy's "the king". (Dan11:36)

(Daniel 11:36a) "And *the king* will actually do according to his own will...

King South	King North
Nation-State System "Old World Order"	Globalist Globalization System "New World Order"

(Daniel 11:27) "And as regards these two kings, their heart will be inclined to doing what is bad, and at one table a lie is what they will keep speaking. But **nothing will succeed**, because [the] end is yet for the time appointed.

(Daniel 11:27a) "And as regards these two kings, their heart will be inclined to doing what is bad, and at one table a lie is what they will keep speaking.

1. These two kings are "south" nation-state system, and "north" globalizing system, all at global scope.

2. The "one table" is the common sovereign goal, though by differing means, of the "one thought" of global rulership, synonymous with the "empty thing" of Psalm 2, upon the whole planet Earth scope.

(Psalm 2:1-2) Why have the nations been in tumult And the national groups themselves kept muttering an empty thing? 2 The kings of earth take their stand And high officials themselves have massed together as one Against Jehovah and against his anointed one

3. The lie is the same lie of successful human global rulership sovereign development in opposition to God's Kingdom of Christ.

(Daniel 11:27b) But **nothing will succeed**, because [the] end is yet for the time appointed.

1. All nation-state and globalist efforts at *premature* world domination fail;

A. Eventually the globalist "King North" will succeed, and does succeed at the United Nations capping global presentations of all four global war cycles.

B. NOTHING "national" based, as single nations or partial blocs of nations, will succeed.

2. The nation-state failures of Germany and the USSR are the visible "and nothing will succeed" in all three first world wars, WW1, WW2, and Cold WW3.

3. What has "proven successful" (Dan11:36b) was and is the King North United Nations global presentation marked "image" finales of all THREE of those world war periods, so far.

Daniel 11:28

King South	King North
Nation-State System "Old World Order"	Globalist Globalization System "New World Order"

(Daniel 11:28) "And **he** will go back to **his land with a great amount of goods**, and **his** heart will be against the holy covenant. And **he will act effectively** and certainly go back to **his land**."

(Daniel 11:28) "And **he** will go back to **his land with a great amount of goods** (WW1 booty), and **his** heart will be against the holy covenant. (WW1 Holy Covenant major identification 1914-1922 period) And he will act effectively (WW1 and League placement) and certainly go back to **his land**. (WW2 prep)

1. From first identification of holy covenant location 1870s-1922, the WTBTs corporate coup attempts in 1897 and 1917, then the 1918 imprisonment are examples of these King North "denunciation" attempts;

2. The King North globalists did not want the first League of Nations placement (1919) or the 2nd United Nations placement (1945) exposed as prophecy;

3. The "act effectively" is in regard to the successful orchestration of the first world war cycle, upon an international scale Anglo-American industrial and finance war profiteering system fully in action in Europe and the US system. This was aided by the 1913-1914 Federal Reserve central bank system being fully implemented by US government legislation;

A. That globalist run industrial and financial system was how a "great amount of goods", at truly enormous wealth expansion magnitudes, was brought into the King North globalist wealth consolidating camp for WW2 preparation;

4. WW1 and the 1914-1918 first cycle of such an orchestration to aid globalist "King North" objectives is significant because it was the first fully complete global war cycle and its main globalist profiteering system;

Daniel 11:29

King South	King North
Nation-State System "Old World Order"	Globalist Globalization System "New World Order"

Cold War; Cold WW3 Cycle historic benchmark;

(Daniel 11:29) "At the time appointed **he** will go back, and he will actually come against **the south**; but it will not prove to be at the last the same as at the first."

(Daniel 11:29) "At the **time appointed he** will go back, (WW2 and 2nd UN placement; Rev17:8-11) and **he** will actually come against the south (WW2 and Cold War beginning); but it will not prove to be at the last the same as at the first."

1. The only "time appointed" of this post WW1 period is the prophetic marking of the second world war cycle and its capping second UN global presentation as the principle of the "abyss" "ascension" of that 8th King *designate* of 1945, at that time;

A. The "ascension" principle was also set for future reference as Revelation 17:8-13 must have a final cycle full fulfillment when world government is ready for the final global presentation of Daniel 11:45.

2. The "Cold War" *third global war cycle* is a unique world war cycle of mostly non-destructive military expansion of both the US and Russian systems, merely "cold" in nature;

A. The "Cold War" is *different*, it did "not prove to be at the last the same as at the first", in that the "cold war" cycle is truly unique in comparison to the first two "hot" world wars to mark this period as certain;

B. This provides a "Cold War" unique development to mark Daniel 11:29's point in time;

3. The final world war cycle, now being prepared by use of the "Global War on Terror" prelude global military expansion phase, is also unique in nature of initial deployment, but it is a preparatory global expansion continuing Daniel 11:40, for future use;

Daniel 11:30-31

King North

Globalist Globalization System "New World Order"

(Daniel 11:30-31a) "And **he** will actually go back and hurl denunciations against the holy covenant **and act effectively**; and **he** will have to go back and will give consideration to those leaving the holy covenant. 31 And there will be **arms that will stand up**, proceeding from **him**; and they will actually profane the sanctuary, the fortress, and **remove the constant [feature]**."

(Daniel 11:30b) And there will certainly come against him the **ships of Kittim**, and **he** will have to become dejected.

1. Nation-state "vessels" of sovereign resistance impede global government in the whole WW1-Cold War phase...

(Daniel 11: 30b) "And **he** will actually **go back**

...over that whole period of preparatory world government steps in WW1, WW2, and the Cold War whole period, King North "goes back"; but this post WW2 period requires more attention to the internal aspect of capitalizing on a "holy covenant" defection internal to the anointed Christian ministerial "fortress" at Bethel's "established place". (Dan8:11b)

2. Thus after two successful United Nations related prophecies exposed related to 1919 and 1945, a renewed effort of subversion against the "holy covenant" ministry had to be undertaken by internal means of eventual assured success to keep the 1990 3rd United Nations global presentation severed from the continuum in prophecy of the original two, UN1-2-end-of-story, rather than UN1-2-3.

A. Thereby if Jehovah's witnesses do not realize the UN1-2-3 in prophecy, they will also not comprehend the final cycle culmination as UN1-2-3-4.

B. Now [both Daniel 11:31-45 and Daniel 8:23-25 concentrate on the 1990 3rd UN event \(Dan11:31b; Dan8:23\) and the fourth and final UN event \(Dan11:45; Dan8:25\) progressions](#) of primarily the last two United Nations related developments and steps to world government actually in those prophecies—prophecies which Bethel now keeps buried in WW2-Cold War era developments.

3. The "hurl denunciations" is a renewed effort because since Daniel 11:28, King North's "heart will be against the holy covenant" and thus was already in action since the "holy covenant" renewed location was emerging since the 1870s, made fully known by 1922.

(Daniel 11:30b) and hurl denunciations against the holy covenant **and act effectively**; and **he** will have to **go back** and will give consideration to those leaving the holy covenant.

1. Since WW1 era attempts to silence the League of Nations exposure, the "hurl denunciations" are present, and "consideration" of internal Bethel subversion is first by apostasy developing inside of Bethel for the whole time.

A. By 1944-1990 "King North" "will act effectively" within the Bethel administration to effect a successful "operation of error" subversion that God permits for greater purposes later. (2Thess2:11-12);

2. Which, in time, formed an "effective" internal operation inside of Bethel for a dictatorial ministerial controlling device:

A. [1944 "governing body" first mentioned at Bethel and accepted as valid](#); (introduced in WW2 period active and Rutherford 1942 death distraction)

B. 1971 "lifted up" "Governing Body" title applied at Bethel; (Cold War period)

C. 1976 Governing Body dictatorship established; (Cold War period) This [third WTBS "board of directors" coup was successful](#).

D. Which sets up for the whole Cold War period the eventual 1990-1991 UN NGO and 3rd UN presentation [fully apostate Bethel](#) cover-up and silencing [very "gradually given over" as per Daniel 8:12 to "throw truth to the earth"](#);

3. This allows apostasy and internal infiltration to mature for that whole period to the point of profaning the whole anointed Christian ministry, by subsequent King North guided "arms that stand up" in internal Bethel infiltration:

(Daniel 11:31a) And there will be **arms that will stand up**, proceeding from **him**; and they will **actually profane** the sanctuary, the fortress, and **remove the constant [feature]**."

3rd UN global presentation and Bethel UN NGO historic benchmark;

(Daniel 11:31b) "And **they** will certainly put in **place the disgusting thing** that is causing desolation.

Third United Nations Placement, Bethel UN NGO 1990-1991

1. By the time the 1990 3rd UN presentation occurs, it is joined by infiltrated Bethel as UN NGO (Awake! 9/8/1991),
2. All these former participants just described in the above "King North" "those leaving the holy covenant" and the "arms that stand up" impostors all work for the same goal, "*they*" work in collusion:

(Daniel 11:31b) "And **they will certainly put in place the disgusting thing** that is causing desolation.

1. Subsequently the 1990 fulfilled 3rd UN "place the disgusting thing" prophecy is covered up as prophecy, breaking the UN1-2-3 continuum and severing it from Jehovah's witnesses awareness;
2. An example of "desolation" "caused" is the real King North globalist orchestration of all three of these world war cycles "global problems", and their various "wars and reports of wars" (Matt24:6), which are all conveniently resolved for their capping United Nations "global solution" presentations—all three times so far! [1]
3. All the world war cycles culminated all three times into a marked "disgusting thing" UN related presentation, as the finale of the "desolation" cycle as per the Revelation 13:3 principle of "healing" as first seen in the WW1 first cycle.

Daniel 11:32-35—King North Led Bethel Apostasy

King South

Nation-State System "Old World Order"

King North

Globalist Globalization System "New World Order"

(Daniel 11:32-35) "And those who are acting wickedly against [the] covenant, **he will lead into apostasy** by means of smooth words. But as regards the people who are knowing their God, they will prevail and act effectively. 33 And as regards those having insight among the people, they will impart understanding to the many. And **they will certainly be made to stumble** by sword and by flame, by captivity and by plundering, for [some] days. 34 But when they are made to stumble they will be helped with a little help; and **many will certainly join themselves to them by means of smoothness**. 35 And some of those having insight will be made to stumble, **in order to do a refining work because of them** and to do a cleansing and to do a whitening, until the time of [the] end; because it is yet for the time appointed.

1. This is a generalized period of the effects of King North "denunciations" that finally progress into forming the specific Daniel 11:32a apostasy inside the ministry. This development creates the "wrong condition" in the ministry, (Zech3:1-3; Dan8:14) which apostate activity is finally ceased in the timed temple judgment accounting and purification; the "time appointed" of Daniel 8:13-14. (Zech3:1-5; Rev8:3-5)

But in the meantime the ministry is compromised to unacceptable to God first:

(Daniel 8:11) **And all the way to the Prince of the army it put on great airs, and from him the constant [feature] was taken away, and the established place of his sanctuary was thrown down.**

2. In a spiritual sense those things are removed and "thrown down" now by internal Bethel profanation and its illegal leadership actually guided by King North.

A. But this takes time to culminate, so these apostasy and stumbling developments will eventually have visible full judgment effects upon the Jehovah's witnesses ministry by actually "throwing down" the "established place", in the future, as will be fully visible and seen in the Worldwide Organization of Jehovah's Witnesses future coup, now developed into a vain idol among Jehovah's witnesses.

That being the real case in the Bethel based ministry, these developments will get worse in the coup phase on the Jehovah's witnesses ministry, which ultimately King North is there to accomplish in the future. (Dan11:41; Dan8:13)

Bethel Progressive Apostasy Period Effects

1. These sections parallel features of the whole "hurl denunciations" period, so it develops with the general persecutions but is also exacerbated by post 1944 "governing body" centered progressive apostasy developments, "gradually giving over" (Dan8:12) the anointed Christian ministry to full apostasy, as foretold.
2. This duality below, apostasy and faithfulness to God, is present the whole time, because both the "weed" and "wheat" progress (Matt13:36-42) at the same time as both are present in the anointed Christian updated "ministry" "field" for the whole period:

(Daniel 11:32) "And those who are acting wickedly against [the] covenant, **he will lead into apostasy** by means of smooth words. But as regards the people who are knowing their God, they will prevail and act effectively.

1. King North "Leading" into fresh and progressive apostasy takes time, but it progresses to the point of apostate Bethel's modern state;

2. But "the people" "knowing their God" are also effective at explaining prophecy the whole time (except for this period of total Bethel JW subversion), in the principle of "wheat" and "weeds" growing parallel (Matt13:36-42) for the whole period:

(Daniel 11:33) And as regards those having insight among the people, they will impart understanding to the many. And they will certainly be made to stumble by sword and by flame, by captivity and by plundering, for [some] days.

1. Though the ministry is effective to "impart understanding to the many", still general persecutions and internal "arms that stand up" "harassment" and progressive apostasy (Dan7:25) occurs at the same time.

(Daniel 11:34a) But when they are made to stumble they will be helped with a little help;

1. God helps the "wheat" through the "harassments" internal (weed) and external to the ministry;

2. "King North" "led" apostasy is the cause of the effects in that stumbling by progressive apostasy, scandal, and global JW Bethel centric controversy as an increasing global reproach developed by Bethel subversion, aids the development; (1Pet4:12; 2Pet2:1-3)

(Daniel 11:34b) and many will certainly join themselves to them by means of smoothness.

1. These "many" are also "joining themselves" to the ministry not by sincerity, but by "smoothness" of the apostasies "smooth words" which has created a transformed Christian ministry that is not in the "right condition" of purity and full prophetic truth, thus attracting some people for the wrong reasons—and so you have the duality of today's apostate Jehovah's witnesses ministry, now carrying out the Kingdom of God ministry, though now subverted in modern truth, but also bringing in the UN NGO, as an example of such duality and scandalous co-development.

Temple Judgment "Time Appointed"

(Daniel 11:35) And some of those having insight will be made to stumble, **in order to do a refining work because of them** (2Thess2:11-12; eventually coming temple judgment as Dan8:14; Zech3:4-5; Mal3:1-5; Rev8:3-5) and to do a cleansing and to do a whitening, until the time of [the] end; because it is yet for the time appointed.

1. The "time appointed" is the Daniel 8:13-14 temple judgment to produce that full "cleansing and "whitening" as Daniel 8:14 temple purification in the culmination of the removal and exposure of the modern apostasy. (2Thess2:3-4; Mal3:1-5; Zech3:1-5)

(Daniel 8:13-14) And I got to hear a certain holy one speaking, and another holy one proceeded to say to the particular one who was speaking: "How long will the vision be of the (*profaned*) constant [feature] and of the *transgression causing desolation* (UN NGO alliance of Daniel 11:31b), to make both [the] holy place (*temple "established place"; Dan8:11*) and [the] (*JW worldwide*) army things to trample on?" (*first 8th King "trampling" "attack" defining the spiritual meaning of the "tribulation of those days" beginning*); **14 So he said to me: "Until two thousand three hundred evenings [and] mornings; and [the] holy place will certainly be brought into its right condition."** (*Temple judgment purification completed in this timed period parallel Zechariah 3:4-5, Revelation 8:1-5*);

2. Thus "until the time of [the] end" is because the "yet for the time appointed" Daniel 8:13-14 "time appointed" of the temple judgment purpose, phasing, and validation timing (Dan8:14) will become the true final cycle starting signal. Thus the "last days" also have a "last days" portion—the "time of the end"—as Revelation 8-11 final fulfillment cycle must also activate with that temple judgment "appointed time".

3. That is when the divinely permitted error (2Thess2:1-12) and apostasy aided subversion (Zech3:1-3) will climax in anti-temple operations (Dan8:13; Dan11:41), and then the apostasy will be ceased by God and Christ, well before world government, and the real "the end".

4. Thus that "stumble work" will also be ceased as far as divine permission to carry out this apostasy, in order to form the final ministerial recovery of Revelation 9-11's final fulfillment cycle.

5. Because the temple judgment of Daniel 8:13-14 is the parallel of the final fulfillment parallel of Revelation 8, Revelation 8-11 is the seven trumpets gauged "time of the end" true finale prophetic and global cycle.

A. That final prophecy cycle and its true "time of the end" will be marked by major global events coming on Bethel (Dan11:41; Dan8:13), in a global context "King South" final developments of sovereign downfall (Dan11:42-43) into full King North eventual world government domination.

Daniel 11:36-39—King North Unique Globalist Attributes

Keep in mind that when the Soviet USSR System failed, that entity cannot fulfill anything but failure (Dan11:39) in the following prophecy details of modern pinnacle Globalization "global gathering" Force of the real King North Anglo-American "Globalist Elites":

(Revelation 16:12-14,16) And the sixth one poured out his bowl upon the great river Euphrates, and its water was dried up, that the way might be prepared for the kings from the rising of the sun. 13 And I saw three unclean inspired expressions [that looked] like frogs come out of the mouth of the dragon and out of the mouth of the wild beast and out of the mouth of the false prophet. 14 They are, in fact, expressions inspired by demons and perform signs, and they go forth to the kings of the entire inhabited earth, to gather them together to the war of the great day of God the Almighty. 15 "Look! I am coming as a thief. Happy is the one that stays awake and keeps his outer garments, that he may not walk naked and people look upon his shamefulness." 16 And they gathered them together to the place that is called in Hebrew Har-Magedon.

(Revelation 16:12-14, 16) And I saw three unclean inspired expressions [that looked] like frogs come out of the mouth of the dragon and out of the mouth of the wild beast and out of the mouth of the false prophet. (complete King North/8th King globalist influence culminating with the "newworld order" false prophecy, and the driving force of globalism "inspired expressions") 14 They are, in fact, expressions inspired by demons and perform signs, and they go forth to the kings of the entire inhabited earth, to gather them together (globalization is the main global force accomplishing this especially since 1990) to the war of the great day of God the Almighty. (parallels future Revelation 17:12-18 and Daniel 11:42-43 culminations into globalist 8th King power) ... 16 And they gathered them (eventually "globalization" completes into King North World Government) together (into final 8th King globalist unification symbolized in world government completion by 4th UN (Dan11:45; Dan12:11)"placement" and final "world peace" proclamations (1Thess5:1-3)) to the place that is called in Hebrew Har-Magedon.

Thus these King North features of Daniel 11:36-39 have been fully active since "the king" made "his" 3rd United Nations "cold victory" presentation over the downed USSR, and are parallel characteristics of the whole King North growing global power through out the rest of the prophecy.

King North

Globalist Globalization System "New World Order"

(Daniel 11:36-39) "And **the king** will actually **do according to his own will**, and **he** will exalt himself and magnify himself above every god; and against the God of gods **he** will speak marvelous things. And **he** will certainly **prove successful until [the] denunciation will have come to a finish**; because the thing decided upon must be done. 37 And to the God of **his** fathers **he** will give no consideration; and to the desire of women and to every other god **he** will give no consideration, but **over everyone he** will magnify himself. 38 But to the god of fortresses, in his position **he** will give glory; and to a god that his fathers did not know **he** will give glory by means of gold and by means of silver and by means of precious stone and by means of desirable things. 39 And **he will act effectively against the most fortified strongholds**, along with a foreign god. Whoever has given [**him**] recognition **he will make abound with glory**, and he will actually **make them rule** among many; and [the] ground **he** will apportion out for a price.

Globalist King North Attributes

Daniel 11:33-39 parallels the whole King North globalist development to overcome the USSR system as the prophetic marker of the *irreversible global ascendancy* of the real King North "the king" who alone possesses these successful attributes to overcome any nation or national bloc progressively.

1. Features of King North "globalism" system effectiveness, culminating in the 1990 3rd UN global presentation prophecy marking Cold War victory:

(Daniel 11:36a) "And **the king** will actually **do according to his own will**, and **he** will exalt himself and magnify himself above every god; and against the God of gods **he** will speak marvelous things.

1. A "New World Order" of the World Government objective is one of these "marvelous things". (Rev13:5-7; Dan7:8);

2. As marked by the Cold War victorious real King North Anglo-American globalists meaning, marked by that 3rd UN presentation, the real King North globalist system is successful the whole time, from the first two UN related presentations (1919,1945), to the 3rd UN presentation of 1990, to World Government of the future in Daniel 11:45, UN1-2-3-4 [1]:

(Daniel 11:36b) And **he will certainly prove successful until [the] denunciation will have come to a finish**; because the thing decided upon must be done.

(Daniel 11:37) And to the God of his fathers **he** will give no consideration; and to the desire of women ("women" example; Dan11:42 "she" nation-states) and to every other god **he** will give no consideration, but **over everyone he** will magnify himself.

(Daniel 11:38) But to the god of fortresses (Joel3:9-12), in his position **he** will give glory; and to a god (globalism god) that his fathers did not know he will give glory by means of gold and by means of silver and by means of precious stone and by means of desirable things.

1. Thus King North Globalism System is unique in all ways pertaining to the "north" rise of the ascendant global power system to eventually implement world government at global scale in the future. (Rev13:3; Rev17:8-13 final cycle parallel);

2. King North progressive military global monopoly "god of fortresses" progresses at global scale under NATO to Global NATO, as Daniel 11:40-41 active now, must culminate in the final cycle of the future global takeover of the globalist system.

3. Global King North financial and wealth control domination has been forming since WW1 in marked manner, to culminate as Daniel 11:42-43 in the future.

4. All of the above allows globalist King North to be "act effectively" upon all rival sovereign systems such as the nation-state and religious sovereignties (Rev17:11-18), to culminate into world government in the future.

(Daniel 11:39) And **he will act effectively** against the most fortified strongholds (such as the USSR and "King South" global nation-state system), along with a foreign god. Whoever has given [him] recognition **he** will make abound with glory, and **he** will actually **make them rule** among many; and [the] ground **he** will apportion out for a price.

Daniel 11:40-41—King North Global Invasion and World Government Takeover

Though the preparatory King North globalism system setup has been active fully recognizable before and since 1990, to aid Daniel 11:40-43 progress, the final cycle culmination of those prophecies occurs in the future and before King North World Government of the Daniel 11:44-45 final cycle finale into the "one hour" of full and complete World Government. (Rev17:12)

The importance of recognizing this final cycle is because King North/8th King World Government complete, functional (Dan11:45, Rev17:8-18) and stated (1Thess5:1-3; Dan12:11), triggers Christ's arrival, not before, but AFTER it completes. That takes several more years as this final cycle eventually fully activates and totally completes as Revelation 17:8-18 full final sequence.

Post 1990 global NATO military expansion historic benchmark;	

(Daniel 11:40-41) "And in the time of [the] end the **king of the south** will engage with **him** in a pushing, and against **him** the **king of the north** will storm with chariots and with horsemen and with many ships; and **he will certainly enter** into the lands and **flood over and pass through**. 41 **He** will also **actually enter into the land of the Decoration**, and there will be many that will be made to stumble. But these are the ones that will escape out of **his** hand, Edom and Moab and the main part of the sons of Ammon.

King North Global Expansion Progress Since 1990 Marked Events (Daniel 11:40-41)

Global Invasion

1. Which real King North attributes lead to continued global expansion of the globalist system, technocratic, financial, and military as prophetically marked since 1990, as it progressively undermines the sovereignty of all national powers of the world:

(Daniel 11:40) "And in the time of [the] end (marked in 1990 3rd UN event, but culminates as Rev8-11 as marked by Daniel 8:13-14 temple judgment event and timing) the **king of the south** (nation-state) will engage with **him** in a pushing (for global sovereignty), and against **him** the **king of the north** will storm with chariots and with horsemen and with many ships; and **he will certainly enter** into the (national) lands and **flood over and pass through**.

1. What makes 1990 unique in NATO global militarization expansion is that in the Gulf War NATO became a truly militarily deployed entity to eventually be coined "Global NATO" in 1999.

2. Now though Bethel deceptively states the "kings" engage in a "pushing" where one does not overcome the other, all of Daniel 11:30-31, and Daniel 11:36-45 is about King North as the global driving force which does overcome "Egypt" in the original "King South" symbol, in Daniel 11:42-43—King North World Government is what "proves successful" and "acts effectively" to depose the fragmented nation-state sovereign system. (Dan2:31-45);

Bethel Invasion

1. And as seen in Daniel 11:30b-31a, King North has "given consideration to **those leaving the holy covenant**" and the subsequent impostor "arms that stand up" in the "Decoration" ministerial "fortress" are now within the Bethel ministry as King North infiltrators. Thus by **Bethel apostasy and infiltration development for some decades**, they have already "entered the Decoration" as well, but this will get far more severe in the future:

(Daniel 11:41a) **He** will also **actually enter into the land of the Decoration**, and there will be many [PEOPLE] that will be made to stumble.

1. But in time of the Temple Judgment of Daniel 8:13 "trampling", that *global* "invasion" above, on Bethel as the "Worldwide Organization of Jehovah's Witnesses", will become globally culminated, visible and in the global news. (Matt24:15)

2. These are apostate (Edom) "those leaving the holy covenant", anti-Christian and opposing supports that "escape" King North by

not being the actual target in the Bethel "trampling":

(Daniel 11:41b) But these are the ones that will escape out of **his** hand, Edom and Moab and the main part of the sons of Ammon.

1. And so all of Daniel 11:40-41 is now globally active fully marked since 1990, but it will reach the global invasion maturation in the future in far more visible and King North vocal forms of financial and military true global domination of King North.
2. What we can gather is the global developments of Daniel 11:40 culminating (Rev16:1-9), will be the global context of Bethel's judgment phase and "trampling" context of and at Daniel 11:41 timing in the future—not yet Daniel 11:44 as the deceptive expectation (2Thess2:1-2) apostate Bethel has been promoting to Jehovah's witnesses in by now purposeful error.
3. Thus the coming financial system coup of King North ([Dan11:42-43](#)) is also well set-up during this whole post 1990 globalization wave (as founded since WW1 financial systems), and must culminate in the future in the actuality of its intended real purpose of global wealth control also to be seen globally, **before** World Government completes.
 - A. That financial global crisis potential, however it may manifest to total King North global ownership and final finance system "solution" implementation ([Rev13:15-18](#)), it will be a striking global event and subsequent period.

B. It must parallel the [Revelation 13:3 "global sword stroke"](#) and [Revelation 17:8 United Nations future "abyss plunge"](#), to eventually "ascend" into world government (Rev17:8-13; Dan11:44-45), upon the eventual subservient nation-state system "global healing" phase (Isa41:1) and its purpose of maximizing that fourth and final United Nations based World Government presentation to the full.

(Daniel 11:42-43) And **he** will keep thrusting out his hand against **the lands**; and as regards the **land of Egypt**, **she will not prove to be an escapee**. 43 And **he** will **actually rule over the hidden treasures of the gold and the silver** and over *all* the desirable things of **Egypt**. And the Libyans and the Ethiopians will be at **his** steps.

Future Global Wealth Coup of King North Globalists

(Daniel 11:42) And **he** will keep thrusting out his hand against **the lands (nation-state system)**; and as regards the **land of Egypt**, **she will not prove to be an escapee**.

1. Now the "King South" "Egypt" feminine "she" symbol of nation-state system subservience, will not "escape" as the nation-state system will become fully subservient to "King North" globalization which completes for the eventual forming World Government finale (Dan11:45; Rev17:12), which "will actually rule" the total global gold/silver, wealth and asset ownership of the whole global nation-state system:

(Daniel 11:43a) And **he** will *actually rule* over the hidden treasures of the gold and the silver and over *all* the desirable things of **Egypt**.

1. Insignificant nations were not yet the goal to fully dominate as dominating the core industrial nations first, will lead to every dependent nation "at his steps" falling in, in time if everything went as King North plans.

(Daniel 11:43b) And the Libyans and the Ethiopians will be at **his** steps.

Daniel 11:44-45—King North World Government

(Daniel 11:44-45) "But **there will be reports** that will disturb **him**, out of the sunrising and out of the north, and **he will certainly go forth in a great rage** in order to annihilate and to devote many to destruction. 45 And **he** will plant his palatial tents (world government) between [the] grand sea and the holy mountain of Decoration; and **he** will have to come all the way to his end, and there will be no helper for him.

Final King North Agenda Prelude into World Government Completion

Temple Judgment Purpose

1. In the future, after the temple judgment of Daniel 8:13-14 (Rev8 parallel) initial timing (1150 min, 2300 days possible), phasing, and purpose completes, the temple judgment-to-purification "right condition" will be reached in the prelude timing to parallel Revelation 8, for the recovery of Revelation 9 final ministry preparation and deployment.

A. Those fifth and sixth "trumpets" of alarm carry the "four trumpets" of the temple judgment modern meaning (Rev8:3-5 is the temple judgment), as a [final "two witnesses" deployed](#) "little scroll" message will emerge. (Rev9-10)

B. Then a fully truthful and full prophetic explanation (Rev10:5-11; Rev11:3), of all these covered up prophecy and world government details will complete its final 1260 days warning mission. (Dan7:25; Dan12:7; Rev11:2-3; Rev12:14; Rev13:5-7)

2. What will emerge (Rev9), in time, is the full "little scroll" "two witnesses" second witnessing Messianic Kingdom completion announcement.

A. That will present the complete explanation of all these post 1990 3rd UN and globalization developments-to-world government 4th UN cycle prophetic meanings [1].

The Main "Report" that will "disturb" King North

1. The "little scroll" "report" subject of that final witnessing (Rev9-11:1-7), which is part of the "reports" (little scroll), is what will really "disturb" King North before (Rev11:2-3; Rev13:5-7; Dan12:7) and as King North progresses (Rev11:7) to 8th King synonymous World Government:

(Daniel 11:44) "But **there will be reports** that will disturb **him**, out of the sunrising and out of the north, and **he will certainly go forth in a great rage** in order to annihilate and to devote many to destruction. (Dan8:25 parallel "during a freedom from care" (1Thess5:1-3) world government power "will bring many to ruin")

1. What emerges in the final warning period of 1260 days before this climax, is the full [Global Open Salvation Appeal](#), which in time Christ completes as Revelation 14:6-7.

A. [Revelation 14](#) is the whole post Christ arrival sequence.

B. Daniel 8 and 11 provides one time only global events, to support Revelation's applicable [repeating](#) prophecy principles in final form in the future. (Rev8-11; Rev15-16)

2. World Government global distribution of "one hour" (Rev17:12) of global sovereign power:

(Daniel 11:45) And **he** will plant his palatial tents between [the] grand sea and the holy mountain of Decoration; and **he** will have to come all the way to his end, and there will be no helper for him.

1. Because only the 8th King will become the final World Government parallel global-sovereign rival entity (Rev17:8-13), and this is obviously "palatial tents" of just such a global-system, "King North" has actually always been explicit in Daniel 11:45 as to "who" this global pinnacle world power "king" "north" must be.

A. Bethel merely attempts to keep it all "a mystery" to cover for their King North partners. (Dan11:32a)

B. This "mystery" and [potential future Russian alignment](#) also allows the over advanced Daniel 11:44 expectation to be prematurely expected among Jehovah's witnesses (2Thess2:1-2), which false impression aids the JW false belief "the end of the world" is "right around the corner" which allows Bethel's future "trampling" (Dan8:13) and "invasion" (Dan11:41) coming, to be misperceived as "the end" rather than what it really will be: The Temple Judgment.

2. Because the explicit "Jerusalem" location is not mentioned, but only implied "between [the] grand sea and the holy mountain", and the spiritual "Jerusalem" entity will be in spiritual completion as Revelation 14:1-7 in this period (Zech2:5), this implied "location" is the counterfeit "Kingdom of God" and "Zion" claims of King North's final [World Government system "location" to emerge on the world scene first](#).

3. Daniel 11:45 must parallel Daniel 12:11 final placing of the "disgusting thing", thus Daniel 11:40-45 merges into Daniel 12 whose final fulfillment must be "during that time" of Daniel 11:40-45 final global cycle events.

After World Government Completes

All these events and judgments are under full World Government:

1. Final "world peace" "and security" of the King North/8th King system as the Daniel 8:25 "freedom from care" parallel;

2. Final anointed Christian sealing by completing final mission (Rev10:5-11) thus the "Four Winds" phase (Matt24:31; Rev7:1-4) activates under world government;

A. The "two witnesses" final warning is ceased at that time. (Rev11:7)

3. The larger scale Babylon the Great shelling Christendom deposition will also be within that Daniel 11:44 "devote many to destruction" and the Daniel 8:25 "bring many to ruin" parallel. (Rev17:15-18; Rev16:12,17-20);

4. The attempted global coercion of *anyone* resisting the 666 marking campaign of World Government will also be a King North target in Revelation 13:15-18. (Rev14:9-11 Christian focus)

Christ Arrival

1. And for those reasons those judgments and contextual final events take place under full World Government in which time (Dan12:1), the Christ arrival (Matt24:29-31; Rev11:11-12) to complete the Messianic Kingdom to oversee those judgments is the climax.

A. Christ "cuts short the days" (Matt24:21-22) of that final King North agenda (2Thess1:6-10), while securing global sheep first. (Matt25:31-40; Rev14:14-16);

2. Thus that period under full world government and its final global agenda in action is the "four winds" period in which period Christ arrives (Matt24:30-31) as Christ secures global sheep ([Rev14:1-16](#)) first, before he deposes King North/8th King completely in the "seventh trumpet" event. (Rev11:15-19);

3. Thus knowing what world government and its final cycle will mean, to be increasingly backed by enormous progressive global events and milestones of the first six "trumpets", will be easily perceived by those believing the final witnessing "little scroll" message when it emerges—even now it can be beneficial to not accept the now prevalent "it's the end of the world" (2Thess2:1-2) and its "doomsday" false impression. (Rev13:3)

VIII. Daniel 11:40-45 Culmination Final Cycle Must Converge into Daniel 12 Final Fulfillment

Daniel 11 is a one time only, unique prophecy, which final portion of Daniel 11:40-45 events must converge, live and real-time in the future, into Daniel 12's final fulfillment in repeating form. Unlike Daniel 11:36-39 unique features of Globalist King North sovereign development, Daniel 11:40-45 is explicit progressive and milestone future events and developments that must fully culminate into World Government in the future, as global developments that will be explicitly recognizable.

Daniel and Revelation both have one time only, as well as repeating, prophecy. The unique feature about Daniel is it gives explicit rival sovereign developmental details which can be registered and overlaid upon Revelation's structural details of the final cycle in revelation 8-11 and Revelation 16.

Another important detail is that Daniel 11 has been known by more than just Bethel and Jehovah's witnesses to be in active fulfillment not yet complete. And thus Daniel 11:40-45 must connect into the reference in Daniel 12:1 "and during that time" of the Daniel 11 final events.

Progressive King North global power development must culminate into World Government over the final cycle.

Daniel 11:40-45 One Time Prophecy Must Merge into Daniel 12 Repeating Prophecy				
(Daniel 12:1) And <i>during that time</i> Michael will stand up, the great prince who is standing in behalf of the sons of your people. And there will certainly occur a time of distress such as has not been made to occur since there came to be a nation until that time. And during that time your people will escape, every one who is found written down in the book.

Daniel 11:27-45 Simpler Details

World War1, World War2, Cold War First Three Cycles of Four (Dan11:27-30)

(Daniel 11:27a) "And as regards these two kings, their heart will be inclined to doing what is bad, and at one table a lie is what they will keep speaking.

1. These "two kings" are "south" nation-state system, and "north" globalizing system, all at global scope.
2. The one table, "one thought" of global rulership, of the "empty thing" of Psalm 2, upon the whole planet Earth scale.
3. The lie is the same lie of successful human global rulership sovereign development.

(Daniel 11:27b) But nothing will succeed, because [the] end is yet for the time appointed.

1. All nation-state and globalist efforts at premature world domination fail. The nation-state failures of Germany and the USSR are the visible "and nothing will succeed" in all three first world wars, WW1, WW2, and Cold WW3.
2. What has "proven successful" (Dan11:36b) was the King North United Nations global presentation marked "image" finales of all THREE of those world war periods.

(Daniel 11:28) "And he will **go back** to his land with a great amount of goods, and his heart will be against the holy covenant. (WW1 HC ID period) And he will act effectively (League placement) and certainly **go back** to his land. (WW2 or WW2 prep)

1. From first identification of holy covenant location; 1897-1918 Corporate coup attempts and imprisonment are examples of these denunciation attempts;
2. They did not want first League of Nations placement or the 2nd United Nations placement exposed as prophecy;

(Daniel 11:29) "At the **time appointed** he will **go back**, (WW2 and 2nd UN placement; Rev17:8-11) and he will actually come against the south (WW2 and Cold War beginning); but it will not prove to be at the last the same as at the first.

1. Cold War is a unique world war cycle different in that "cold war" cycle in comparison to the first two "hot" world wars to mark this period as certain;

(Daniel 11:30) And there will certainly come against him the ships of Kittim, and he will have to become dejected.

1. Nation-state vessels of sovereign resistance impede global government in the whole WW1-Cold War phase...

(Daniel 11: 30b) "And he will actually **go back**

...over that whole period of preparatory world government steps in WW1, WW2, and the Cold War whole period.

2. But after two successful United Nations related prophecies exposed, a new effort of subversion against the "holy covenant" ministry had to be undertaken by internal means of assured success to keep the 3rd United Nations global presentation severed from the continuum in prophecy of the original two.

(Daniel 11:30b) and hurl denunciations against the holy covenant and act effectively; and he will have to **go back** and will give consideration to those leaving the holy covenant.

1. Since WW1 era attempts to silence the League of Nations exposure, the "hurl denunciations" are present, and "consideration" of internal Bethel subversion is first by apostasy developing inside of Bethel for the whole time.

A. By 1944-1990 "King North" "will act effectively" within the Bethel administration to effect a successful "operation of error" subversion that God permits for greater purposes later. (2Thess2:11-12);

2. Which, in time, formed an "effective" internal operation inside of Bethel for a dictatorial ministerial controlling device:

A. 1944 "governing body" first mentioned at Bethel and accepted as valid; (introduced in WW2 period active and Rutherford 1942 death distraction)

B. 1971 "lifted up" "Governing Body" title applied at Bethel; (Cold War period)

C. 1976 Governing Body dictatorship established; (Cold War period)

D. Which sets up for the whole Cold War period the eventual 1990-1991 UN NGO and 3rd UN presentation cover-up and silencing.

3. This allows apostasy and internal infiltration to mature for that whole period to the point of profaning the whole anointed Christian ministry:

(Daniel 11:31a) And there will be arms that will stand up, proceeding from him; and they will actually profane the sanctuary, the fortress, and remove the constant [feature].

Third United Nations Placement, Bethel UN NGO 1990-1991

1. By the time 1990 3rd UN presentation occurs, it is joined by infiltrated Bethel as UN NGO, as all these former participants, "they" work in collusion:

(Daniel 11:31b) "And they will certainly put in place the disgusting thing that is causing desolation.

1. Subsequently the 3rd UN prophecy is covered up as prophecy, breaking the UN1-2-3 continuum;

2. Example of "desolation" "caused" is the real King North globalist orchestration of all this world war cycles, and their various "wars and reports of wars"; (Matt24:6)

3. All the world war cycles culminated all three times into a marked "disgusting thing" UN related presentation, as the finale of the "desolation" cycle as per the Revelation 13:3 principle as first seen in the WW1 first cycle.

Bethel Progressive Apostasy Period Effects

1. This sections parallels features of the whole "hurl denunciations" period, because both "weed" and "wheat" progress is present in the anointed Christian updated "locale":

(Daniel 11:32) "And those who are acting wickedly against [the] covenant, he will lead into apostasy by means of smooth words. But as regards the people who are knowing their God, they will prevail and act effectively.

1. "Leading" into fresh apostasy takes time, but it progresses to the point of apostate Bethel's modern state;

2. But "the people" "knowing their God" are also effective at explaining prophecy the whole time, in the principle of "wheat" and "weeds" growing parallel (Matt13:36-42) for the whole period:

(Daniel 11:33) And as regards those having insight among the people, they will impart understanding to the many. And they will certainly be made to stumble by sword and by flame, by captivity and by plundering, for [some] days.

1. General persecutions and internal "arms that stand up" "harassment" (Dan7:25) occurs at the same time.

(Daniel 11:34a) But when they are made to stumble they will be helped with a little help;

1. God helps the "wheat" through the "harassments" internal and external to the ministry, yet all "King North" "led" apostasy;

(Daniel 11:34b) and many will certainly join themselves to them by means of smoothness.

1. These "many" are also "joining themselves" to the ministry not by sincerity, but by "smoothness" of the apostasies "smooth words" which has created a transformed Christian ministry that is not in the "right condition" of purity and full prophetic truth, thus attracting some people for the wrong reasons.

Temple Judgment "Time Appointed"

(Daniel 11:35) And some of those having insight will be made to stumble, in order to do a refining work because of them (2Thess2:11-12) and to do a cleansing and to do a whitening, until the time of [the] end; because it is yet for the time appointed.

1. The "time appointed" is the Daniel 8:13-14 temple judgment to produce that full "cleansing and "whitening" as Daniel 8:14 temple purification in the culmination of the removal and exposure of the modern apostasy. (2Thess2:3-4; Mal3:1-5; Zech3:1-5)

Globalist King North Attributes

Parallels the whole development to overcome the USSR system as the prophetic marker of irreversible global ascendancy of the real King North who alone possesses these attributes to overcome any nation or national bloc.

1. Features of King North effectiveness, culminating in the 3rd UN global presentation marking Cold War victory:

(Daniel 11:36a) "And the king will actually do according to his own will, and he will exalt himself and magnify himself above every god; and against the God of gods he will speak marvelous things.

1. A "New World Order" of the World Government objective is one of these "marvelous things";

As marked by the Cold War victorious real King North Anglo-American globalists meaning, marked by that 3rd UN presentation, the real King North globalist system is successful the whole time, from the first two UN related presentations (1919,1945), to the 3rd UN presentation of 1990, to World Government of the future in Daniel 11:45, UN1-2-3-4:

(Daniel 11:36b) And he will certainly prove successful until [the] denunciation will have come to a finish; because the thing decided upon must be done.

(Daniel 11:37) And to the God of his fathers he will give no consideration; and to the desire of women and to every other god he will give no consideration, but over everyone he will magnify himself.

(Daniel 11:38) But to the god of fortresses, in his position he will give glory; and to a god that his fathers did not know he will give glory by means of gold and by means of silver and by means of precious stone and by means of desirable things.

1. Military global monopoly progresses under NATO to Global NATO, as Daniel 11:40-41 active now, must culminate in the final cycle.

(Daniel 11:39) And he will act effectively against the most fortified strongholds, along with a foreign god. Whoever has given [him] recognition he will make abound with glory, and he will actually make them rule among many; and [the] ground he will apportion out for a price.

King North Global Expansion Progress Since 1990 Marked Events (Daniel 11:40-41)

Global Invasion

Which real King North attributes lead to continued global expansion of the globalist system, technocratic, financial, and military as prophetically marked since 1990:

(Daniel 11:40) "And in the time of [the] end the king of the south will engage with him in a pushing, and against him the king of the north will storm with chariots and with horsemen and with many ships; and he will certainly enter into the lands and flood over and pass through.

Bethel Invasion

1. And as seen in Daniel 11:30b-31a, they have "given consideration to those leaving the holy covenant" in the "Decoration" ministerial "fortress", so by apostasy and infiltration they have already "entered the Decoration" as well:

(Daniel 11:41a) He will also actually enter into the land of the Decoration, and there will be many [lands] that will be made to stumble.

But in time of Daniel 8:13 "trampling" that "invasion" above on Bethel, will become globally culminated and visible.

These are anti-Christian and opposing supports that "escape" the Bethel "trampling":

(Daniel 11:41b) But these are the ones that will escape out of his hand, Edom and Moab and the main part of the sons of Ammon.

1. And so all of Daniel 11:40-41 is now active fully marked since 1990, but it will reach the global invasion maturation in the future in far more visible forms of financial and military domination of King North.

2. Thus the coming financial system coup of King North is also well set-up during this whole post 1990 globalization wave (as founded since WW1 financial systems),

3. Must culminate in the future in the actuality of its intended real purpose of global wealth control also to be seen globally, before World Government completes.

Future Global Wealth Coup of King North Globalists

(Daniel 11:42) And he will keep thrusting out his hand against the lands; and as regards the land of Egypt, she will not prove to be an escapee.

1. Now the "King South" "Egypt" symbol, will not "escape" as the nation-state system will become fully subservient to "King North" forming World Government, by total global gold, wealth and asset ownership:

(Daniel 11:43a) And he will actually rule over the hidden treasures of the gold and the silver and over all the desirable things of Egypt.

1. Insignificant nations were not yet the goal to fully dominate as dominating the core industrial nations first, will lead to every dependent nation "at his steps" falling in in time.

(Daniel 11:43b) And the Libyans and the Ethiopians will be at his steps.

Final King North Agenda Prelude into World Government Completion

1. In the future, the temple judgment "right condition" will restore a fully truthful prophetic explanation of all this 1990 3rd UN and globalization developments in a final witnessing which is what will really "disturb" King North before and as it progresses to World Government:

(Daniel 11:44) "But there will be reports that will disturb him, out of the sunrising and out of the north, and he will certainly go forth in a great rage in order to annihilate and to devote many to destruction.

World Government global distribution of power:

(Daniel 11:45) And he will plant his palatial tents between [the] grand sea and the holy mountain of Decoration; and he will have to

come all the way to his end, and there will be no helper for him.

1. Because only the 8th King will become final World Government parallel, and this is obviously "palatial tents" of just such a system, "King North" has actually always been explicit in Daniel 11:45 as to "who" this global pinnacle world power "king" "north" must be.

2. Because the "Jerusalem" location is not mentioned, and the entity will be in spiritual completion as Revelation 14:1-7 in this period, this "location" is the counterfeit "Kingdom of God" and "Zion" claims of King North's World Government system.

3. Daniel 11:45 must parallel Daniel 12:11 final placing of the "disgusting thing", thus Daniel 11:40-45 merges into Daniel 12 whose final fulfillment must be "during that time" of Daniel 11:40-45 final cycle events.
